# Our Story - Beauty & Function:

## ABOUT:

We have worked hard to find the perfect cabinet maker for our in-house cabinetry line. Our close collaboration with the local cabinet shop and team ensures a beautifully executed kitchen from concept to finished installation. We focus on a combination of timeless design and architectural detail, while striving to create fresh, inventive millwork. This is custom cabinetry without pretention; simply beautiful and functional cabinets built to last.

## CABINETRY DETAILS:

- All plywood cabinet interior construction
- Solid hardwood dovetailed drawers
- Full extension soft close glides and hinges
- Limited lifetime warranty
- Regionally sourced materials
- Locally constructed in Hinckley, Illinois

## What Happy Clients Say:

"Every step of the way, Claire and her team handled my major kitchen renovation with professionalism, honesty and deep understanding of design and function. She relieved much of the mental burden of living in a construction zone by being incredibly organized, communicative and present in all facets of the process. From conception to the final product, I was continually impressed by her ability to bring together my aesthetic, our homes existing architecture and fresh design ideas."

*Shana Martin, Glenview IL*

# Design Process Overview:

## DESIGN OVERVIEW:

We work closely with each of our design clients to bring their dream kitchen into reality! From cabinet profiles and colors to molding details and installation, our team of tradespeople are experts in the design and build industry. Our internal team of interior designers is led by a Certified National Kitchen and Bath (NKBA) Architectural Designer.

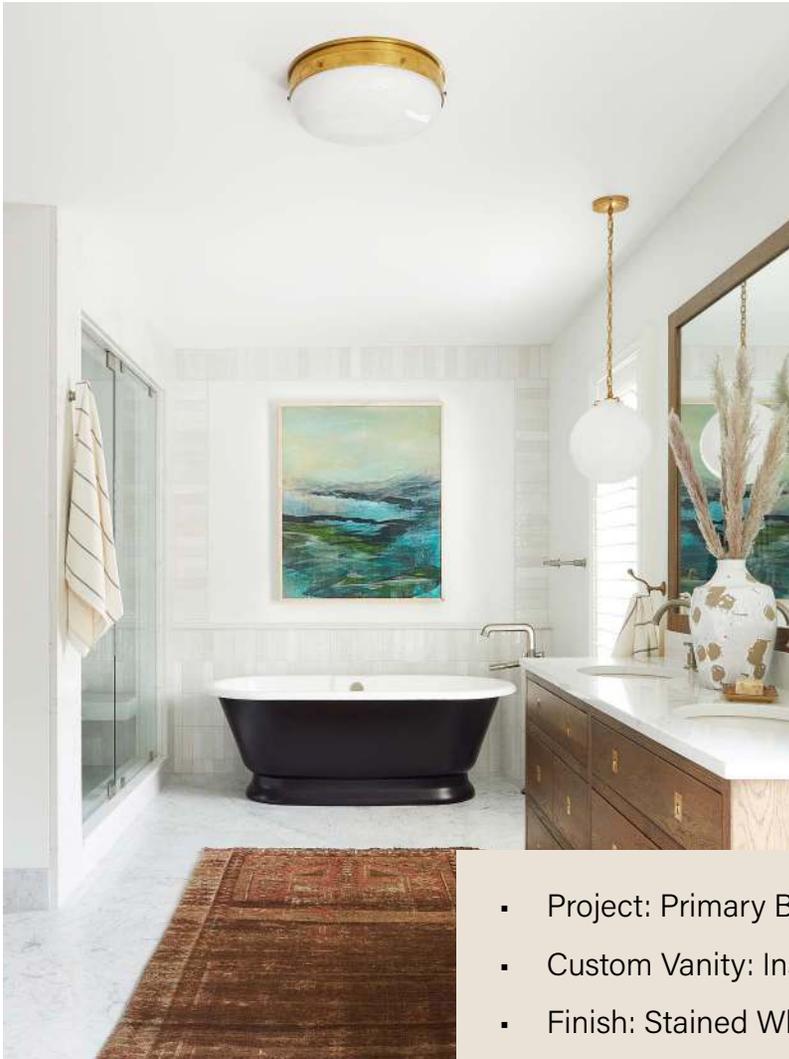

## OUR PROCESS:

- Kitchen survey and inspiration session
- Preliminary site measure and exploration
- Design development meetings
- Final presentation and color renderings
- Pricing, samples and final site measure
- Purchasing and installation
