FLUSH MOUNT WEDDING ALBUMS

A few months after receiving the digital files from your wedding, after you've had time to look through all of your photos and reflect on your wedding day, you're welcome to reach out to me anytime to discuss putting together your wedding album!

The thick, 1.5mm, flush mount pages allow for lay-flat panoramic spreads without any bulging gutters, and the rigid pages won't curl or wrinkle.

Each spread is custom designed to look exactly the way you'd like them.

The cover can be customized by adding debossed text (with your names or wedding date) or a cameo window to showcase your favorite photo.

1) CHOOSE YOUR PHOTOS

The first step is to choose your favorite photos to include in the album. Think about what memories mean the most to you, what details & moments you want to remember, and what family members and friends you want to be pictured in your album. You can either create a Favorites List on your Pixieset gallery or send me a list of the filenames.

The number of pages in your album will typically be determined by the number of photos you choose. I typically recommend including 4-5 photos per spread. For example, a 10-spread (20-page) album would typically fit 40-50 photos.

Any photos selected for the album may also receive extra editing or retouching for free - just let me know what you'd like tweaked!

2) CHOOSE YOUR SIZE & NUMBER OF SPREADS

After determining what photos you'd like in the album, we'll discuss design and layout options for your custom flush mount album. Albums are available in three different sizes with various cover options: leather, suede, linen, and silk.

The most popular option is a 10"x10" linen album with 32 pages and around 80 photos for **\$1000 + NY sales tax**.

If you'd like to buy an exact duplicate of an album (same design, cover, and size), each duplicate album is **20% off**.

8" x 8" Parent Albums (exact duplicate albums in a smaller size) are available at a reduced price with any album order and make great gifts for parents or relatives. The parent albums will contain the exact same photo layouts & cover material as the original album. (Cameo windows and text are not available on parent albums.)

ALBUM SIZE OPTIONS

The most popular size is the 10" x 10" album. 8" x 8" albums make great coffee table books or gifts. 12" x 12" is the largest option.
