A Guide for all Tonya Lynn Studios Seniors

HAIR + MAKEUP | Why it's Worth It

Additionally, I highly recommend all of my senior clients invest professional hair and makeup. If it is in your budget, hiring a professional for your hair and makeup will make a drastic difference in the quality of your photos and senior portrait experience. You are already making a large investment in your senior portrait experience, so why not make it the best it can be?! *So, why exactly is it so important?*

1. THEY ARE TRAINED PROFESSIONALS

When you are investing in a professional photographer, you want to make sure that the images look their absolute best. Professional hair + makeup artists are TRAINED to do hair + makeup so that they photograph well. While your makeup may look AMAZING in person, it will look completely different on-camera, and these professionals are trained to know the difference! They will conceal spots you don't like, contour your face so it looks the best in every light, use colors that compliment your skin to make it look flawless, make your eyes POP with false lashes + shadows, manicure your eyebrows to perfection and more!

2. LESS STRESS

Preparing for a senior portrait session is stressful in and of itself. Trying to do your hair + makeup by yourself can make things ever harder. Professional camera equipment is designed to pick up every little detail in an image (even details that the eye can't see) so hiring a professional makeup artist is the best way to go.

3. WHO DOESN'T LIKE BEING PAMPERED!? I don't ever want my seniors to feel like their portrait session is just simply "taking pictures", I want it to be an EXPERIENCE. So, if my seniors arrive after an hour of being pampered + beautified, the entire experience has already started on a good note! If a senior arrives frustrated or stressed, it can affect the entire experience, including the way you look in photographs!
