Your upcoming trip may be completely non-refundable, depending on the date you cancel. This quote includes the “cancel for any reason” option. This additional cancellation option allows you to cancel for any reason outside of the normal cancellation coverage and submit a claim for a refund of up to 75% of the trip total. If you are not concerned with the “cancel for any reason” option, uncheck the “Optional Cancel For Any Reason” box in the optional add-on section, and the insurance premium will decrease. With both plan options, if you cancel for a covered reason (please see the specific policy for a full list), you can submit a claim for a refund up to 100% of the trip total. Both options also include trip interruption and trip delay due to flight cancellations.

This plan provides insurance coverage that only applies during the covered trip. You may have coverage from other sources with similar benefits but may be subject to different restrictions. You may wish to compare the terms of this policy with your existing life, health, home, and automobile insurance policies. If you have any questions about your current coverage, call your insurer or insurance agent. Many U.S. medical insurance policies are not valid outside of the U.S. and both of these plan options include primary medical coverage while traveling. There is no time stipulation with the covered reasons policy and it can be purchased any time up until the day before your trip. There is a waiver of pre existing conditions available and that, as well as the “cancel for any reason” policy, must be purchased within 14 days from the initial trip deposit date (XXXXXXX). If you have any questions on this, please give me a call. To purchase the policy that is best for you, please click the quote link and submit payment with your credit card information.
