OH HEY, BARTENDER!

Here is the Affiliate Toolkit Sharekey:

QRE6A35PXRG751489

To add the Tonic Affiliate Toolkit to your Showit site, login into the app and select your main site, click on your profile (bottom left), and then select “add a design to my library” and paste this sharekey. Then close out of the profile dialog box, click on the + button at the top of the pages tab, select “Affiliate Toolkit” from the “my library” tab and then choose the page you want to add to your site. Repeat with any of all of the other pages included and then add your necessary site canvases accordingly. Finally, re-style, set links, test and publish. Boom!
