

# private class

We love all things **PLAY** at Katie Jane Dubai!

From mucky pups messy play to baby sign language, we have a range of options for you to choose from. Our private class option allows you to customize a class to include anything you want. Just contact us with what you wish for your child and we will create it for you!

## What are some of the options ?

**Baby sign language** - This is a perfect class to build on your connection with baby, prioritize language development and get helpful tips for navigating parenting.

**Mucky pups messy play** - we start with some singing and bubbles and a paint activity and explore 4 different messy play stations together.

**Music together** - we explore different tonalities and rhythms through active music making. We use music without words, sad music, and even folk music from around the world.

**Busy Bees Nature class**- this private class is held outdoors in your garden or community park. Depending on your child's age we do scavenger hunt, nature based crafts and build on gross motor and pretend play skills through nature.
