

His & Her

HELLO!

We're Lisa & Neil. We're married, have three cats and live on the Norfolk broads. We'll stand on wobbly ladders, hang off speeding golf carts one handed, ninja our way through candid and lay in the middle of crowded dance floors to get you fun photography that'll make your heart and eyes smile. We want to give you pictures you'll never forget.

We love a black and white photo. Choose black and whites and we'll edit all your photos afresh to reveal the beauty of this classic and timeless art form.

FINE ART ALBUMS

Printed on archival paper and non-fade premium inks, each album is handcrafted in Britain with the highest quality, eco-friendly materials and care to beautifully showcase your wedding photos.

DESIGNING YOUR ALBUM

We'll design your album for you initially, taking the stress away from you. When we've put together your first album design, we'll email it to you so you can request changes. We repeat this process until you are completely happy.

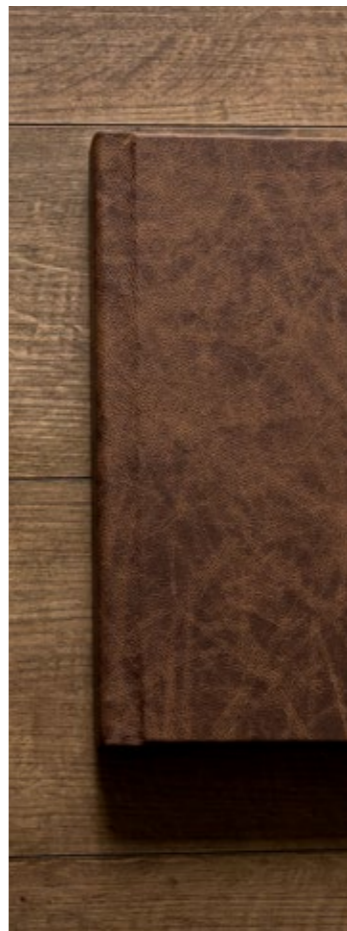

8x8 £645
10x10 £745
12x12 £845

As standard, all our albums include 40 pages, a choice of cover materials in a variety of colours and a choice of personalisation options.

After your wedding, we'll pop round to see you with our samples so you can choose what size you'd like, what cover, etc and go through the different options.

All albums come presented in a craft cardboard box and a natural cotton bag.

They even come cocooned in a cotton bag and in their own presentation box.

DO WE HAVE TO ORDER EXTRAS AT THE TIME OF BOOKING?

You can add extras before or after your wedding. However, if you add an album before your wedding, you will receive 10% off.

WHATS THE DIFFERENCE BETWEEN A FINE ART PRINT AND A 'NORMAL' PRINT?

The difference between a photographic print and a fine art print has to do with the paper involved. Photographic paper is not as high-quality paper as fine art paper. Photographic paper contains acid which makes prints fade, crack and brittle over time.

ARE THERE ANY HIDDEN COSTS?

Absolutely not :) If we need to charge you for travel and/or accommodation, this will be made clear at the point of enquiry. Everything else will be detailed on your invoice with no nasty surprises.

HOW LONG DO COUPLE/ENGAGEMENT SHOOTS LAST?

Typically around two hours. It sounds like a long time but it goes really fast :)

CAN WE HAVE A USB CONTAINING THE PHOTOS?

You will be able to download all your wedding photos in high resolution from the online gallery. If you would like a nice keepsake, you can buy a USB from the online gallery. However, we recommend buying prints or an album instead of digital media if you would like something tangible that will stand the test of time.

HOW DO WE PICK PHOTOS FOR OUR ALBUM?

You don't have to. We will put together your first draft and email it to you for comment. We know our couples are busy and putting together albums is one of our favourite things.

HOW DO WE BOOK?

We will send you over a contact and a quote. Using the quote, you can choose what extras you would like and once you've accepted the quote, this will automatically turn into an invoice. 25% will be payable now as a non refundable booking fee and the remainder is payable no later than thirty days before your wedding. Once we have this and the signed contract, you're all booked in! Woohoo :)
