SPECIAL CLASSES

Simon Says (Flat Class)	This class transforms the classic game "Simon Says" into an equestrian challenge on the flat. Riders must listen carefully to the announcer (Simon.) They will be asked to perform various gaits and maneuvers, such as "walk," "trot," "canter," "reverse," "halt," etc. Competitors must only follow instructions that begin with the phrase "Simon Says." If a rider follows an instruction that does not begin with "Simon Says," they are eliminated from the class. The judge or announcer will add complexity by giving a mix of valid and invalid commands at a quick pace. The last remaining horse and rider combination to correctly follow only Simon's commands wins the class.
The Apple Race (Flat Class)	This is a fun flat class in which each rider holds an apple under their chin while walking, trotting, changing rein, etc. Once an apple is dropped, the rider comes to the center of the ring. The last rider holding an apple wins.

DISCIPLINE RULES JUMPERS

- **Jumpers are scored on penalties incurred between the start line and finish line.** In the event of a fall of a Horse and/or Rider at any time from the time the Horse/Rider combination enters the Competition ring, whether or not the signal to start has been given, the combination will not be permitted to start in the round or Class in question. Penalties apply for late falling rails: 1. after crossing the finish line but before leaving the ring, or 2. before the tone sounds for the start of the next round.
- **Penalty faults include disobediences, falls, knockdowns (while in the process of jumping an obstacle) and time penalties.** No more than one penalty may be scored at each attempt. If an obstacle is knocked down or displaced for any reason other than it was caused by jumping or an attempt to jump, no penalty is incurred.
- **Disobediences include Refusals, Run-outs, Loss of Forward Movement, and Circling.**
- **The first fall of horse or rider results in elimination.**
- **Clear Rounds:** Blue ribbons will be awarded to all riders completing a round with no disobediences, falls, knockdowns (while in the process of jumping an obstacle) or time penalties.

- **Judged Rounds:** Riders will be judged on correct, safe, and effective jumper style riding.
- **Optimum Time Rounds:** Optimum time will be set by averaging the time of all entries.
- **Table II, Sec. 2 (b)** – First round and first jump-off are scored by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Competitors who go clear in the first round, remain in the ring and upon an audible signal commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin their round, the competitor must start within 45 seconds. In case of a fall of a Rider and/or Horse after crossing the finish line of the first round, the Rider/Horse combination may not continue to the jump-off, and will be placed according to their Score in the first round. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have withdrawn from the jump-off. If there are no clear rounds and a tie exists for first place, the results will be determined by the scores and time from that round.
