

Signal Tumbler H₂O GP

Product Application:

Signal Tumbler H₂O GP is a premium quality all-purpose emulsifiable oil concentrate recommended for use in industrial machining tumblers & single or two stage washing systems. It is formulated to perform exceptionally well with ferrous & non-ferrous materials leaving no staining or residue.

Signal Tumbler H₂O GP protects machine tools and parts from rust corrosion by means of an effective corrosion inhibitor system that leaves a clean, light lubricating residue on parts. This emulsion concentrate forms a stable, white, non-foaming emulsion in both soft and hard water and is formulated to provide long sump life in centralized systems.

Features and Advantages:

- *Excellent rust protection, may be applied by a portable spray system
- *Excellent emulsion stability
- *Mixes easily
- *Very operator friendly

Package Size:

Drums, Pails

Recommend Dilutions:

| | |
|----------------------------|-------|
| Tumbler Systems | 3-8% |
| Washing Systems | 3-5% |
| Short term rust protection | 5-10% |

Typical Characteristics:

| | |
|------------------------|--------------|
| Gravity, API | 23.5 |
| Viscosity SUS, 100 ° F | 240 |
| Neat Oil Appearance | 5 |
| Emulsion Appearance | Opaque white |
