Description & Goals of the Trip

Renovate and furnish a Sunday School classroom. Improve outdoor recreation area. Organize sports events, Bible quizzes, and teamwork challenges. Distribute water filters. Teach proper water storage and hygiene. Conduct vision screenings. Distribute reading glasses. Share the gospel with each participant. Home visits with gospel tracts, Bibles, and prayer; inviting them to VBS and Sunday services

Accomplishing the Great Commission

This trip shares the Gospel through service, community outreach, and relationships. By helping with construction, investing in children, performing the vision screening, providing glasses, and providing clean water all of these activities are used to meet physical needs that give us an opportunity to share the gospel. We will connect people with the local church for follow-up and long-term discipleship.

Long-Term Partnership

The church we are working with is called Burrell Boom Church of the Nazarene. Tim and Dacia have made a connection there, which may open future opportunities for long-term relationships in Belize City. We are praying for God to open doors through this trip for us to clearly see further opportunities for working together with the local church for Kingdom purposes.
