

Thank You

The year 2023 was a memorable year for The Storehouse. We welcomed 1,952 new individuals and saw a 23% increase in client visits. Our clients were able to fill their carts with nutritious food, and as a result, we were able to share 987,655 pounds of food between our clients and ministry partners. This level of dedication to serving our community can only be achieved with the help of an incredible team of volunteers and generous donations from our community to match the need. Over the year, Storehouse volunteers increased their gift of time and talent by 61%, totaling over 12,500+ hours!

At The Storehouse, we serve with dignity and compassion, and we always strive to address underlying food security issues. We are proud to announce our 2024 Heart Work Squad members, and we thank you for
