# Our Rentals

The Serendipity Collection is a set of specially selected in-house rentals that are exclusive to Serendipity! Please note that items in the Serendipity Collection are limited in quantity, so we suggest locking in your selections early to ensure that they will be available for your event.

In addition to our in-house items, we are happy to offer a curated selection of rentals from Select Event Group. Your Serendipity Sales Manager will handle all communication with Select Event Group for items chosen from this featured collection.

Not sure where to start with rentals? Your Serendipity Sales Manager is here to help! In addition to figuring out what items you will need for the service we're providing at your event, we can help create a tablescape that fits perfectly into your wedding vision.
