

In partnership with

Scholarships available now!

The **Stephen Weatherly Foundation** and **iD Tech** are teaming up to sponsor **underserved students ages 7-13** in Minnesota to experience the world's top technology camp. Selected applicants will get to attend one 10-week session of iD Tech's online program, Semesters, in the Fall of 2021.

10-week Semesters

Schedule

Once a week

Pick Sundays, Mondays, Wednesdays, or Saturdays. You'll meet once a week for 10 consecutive weeks.

Certification

Hot tech topics

Get certified in coding, game dev, or creative arts in topics such as Python, Adobe, Roblox and more.

Small Classes

For big success

5 students max per instructor, blending personalized learning and social time.

Topics included

Eligibility

- Underserved students ages 7-13.
- Reside in Minnesota.
- Have a desire to learn tech. No prior experience is required.
- Computers may be provided to eligible applicants.

Why iD Tech

We live and breathe tech education.

The only online tech educator with 20+ years of experience.

Silicon Valley-based family company that has perfected the art of in-person and online education.

Proprietary curriculum designed to engage students and build their confidence with tech.

Tech Rockstar Instructors

We retain our finest staff from our worldwide programs to teach online.

Stanford, Caltech, NYU: Our elite talent comes from the top universities.

Meticulously recruited and trained the iD Tech way.

They hire who we hire. Our instructors go on to work at companies like Google, Microsoft, Apple, and Amazon.

Get tech certified!

- **Receive** official iD Certification for each Semester completed.
- **Impress** teachers and the admissions office.
- **Prove** tech skills when applying for internships or jobs.
- **Track** progress and stay motivated.
