

Welcome GUIDE

BRIANNE ADAMS
P H O T O G R A P H Y
Newborn | Maternity | Babies

Welcome

Hi! I'm Brianne Adams, the girl behind the lens and I would love to be your photographer! I am a happy wife, a mother and a professional photographer. I offer a wide range of maternity, newborn and baby packages. I have a studio in Fleetwood, Surrey and a lifestyle room in Maple Ridge. My lifestyle room is natural lit and just for maternity sessions. I love props, nature, fashion, all of which I love to incorporate into all my photos.

"THE BEST THING ABOUT A PICTURE IS
THAT IS NEVER CHANGES, EVEN WHEN
THE PEOPLE IN IT DO" - ANDY WARHOL

A LITTLE ABOUT ME

My photography journey started in 2012 after I completed a diploma in Digital Photography from the Centre of Art and Technology in Kelowna, BC.

I was born in BC and grew up in Maple Ridge. I have lived in many places, including South Korea and the Okanagan, but recently moved back to my home town to be closer to family.

As a photographer, I'm inspired by the beautiful west coast. Trees, water and the moodiness of our climate is what I love to fill my outdoor images with.

My love of creating sets for newborns came from my time studying theatre. I finished a degree in Theatre and English in 2009 from UFV. My love for theatre and design has transferred over to my newborn photography. Being able to create, design and cuddle beautiful newborns is such a fun job.

Studio - Unit 13, 15243 91st Ave, Surrey

Studio NEWBORN SESSIONS

POSED NEWBORN SESSIONS

Studio newborn sessions take place at my studio in Surrey. I have lots of props that I use for these sessions. These sessions take longer than lifestyle sessions because it requires time and care to get baby in those cute little positions. Professional studio lighting is used for these sessions.

PREPARING FOR YOUR SESSION

SLEEPY? Most of the images I'll be shooting work best if the baby is in a deep sleep. To encourage this, try to keep baby awake 1-2 hours before session.

HUNGRY? A well fed baby is a happy baby! Please feed and burp baby right before our session to ensure a happy, sleepy ("milk drunk") baby. I'll also be more than happy to take as many breaks as needed.

WHAT TO WEAR FOR PARENT AND SIBLING PHOTOS? Keep it simple. Neutrals are great! Throw in a little color if you'd like, but skip the busy patterns. Steer clear of logos and stripes! Complement each other but do not match. Keep clothes loose and non constricting. I want you to be comfortable when sitting and laying down.

WHAT TO BRING? Please bring extra diapers, wipes, a pacifier if you are using one and extra formula if you are not breastfeeding.

SIBLINGS & PETS? If you are bringing a young toddler to the session, I highly recommend taking he or she out after family and sibling photos. My studio is not big and there will not be any room to play and burn off energy. Plus, it is important to create a quiet atmosphere for the newborn photos. Some toddlers may disrupt the photo taking process if they are noisy. No large pets allowed. Small pets only that are trained.

Most importantly remember this is a special day and try to relax! I can't wait to meet your new little nugget!

Lifestyle NEWBORN SESSIONS

TELL YOUR STORY

Lifestyle newborn sessions take place in your home and are designed to depict a day in your life doing what you enjoy with the ones you love. These sessions are candid and photojournalistic in style. I usually move to different parts of your house capturing baby and family in natural light. This session can also capture daily activities with baby. Posed images can be added on for an additional fee.

HAVE ACTIVITIES AND HOUSE PREPARED

Below is a list of some examples of activities for your session and rooms I generally like photographing in. Choose activities that feel genuine to you. You can be laid back or more adventures...it is up to you. Just make sure the house is tidy and please remove any items that you don't want photographed.

ACTIVITIES

- Bath time
- Snuggles on the couch/bed
- Reading books with baby
- Singing and play music to baby
- Siblings jumping on bed
- Feeding baby
- Changing baby
- Wrapping baby
- Dressing baby in clothes
- Getting older sibling to tell baby a story

ROOMS I LIKE TO PHOTOGRAPH IN

- Living Room
- Bedroom
- Baby's Room
- Rooms with a lot of natural light

Sitter & Cake Smash SESSIONS

SITTER SESSIONS

Sitter sessions occur when baby is able to sit up on his own - between 6-9 months. I have outfits for the baby to wear and lots of backdrops and props. This session can happen in my studio or we can go outside. The best time to schedule a sitter session is before or after the baby's usual nap time. Bring food and any toys the baby likes. It will help with the photo taking process.

CAKE SMASH SESSIONS

Cake smash sessions happen when the baby is 12 months old. I have packages with simple sets or more elaborate sets. I have some outfits at my studio that can be used during the session as well. These sessions range from 45 min to an hour and a half.

The only thing I don't provide for these sessions is the cake. This is due to allergy reasons. If you would like to order a cake from Hansel and Gretel Bakery in Maple Ridge, I would be more than happy to pick it up for you.

WHAT TO BRING & HOW TO PREPARE FOR A CAKE SMASH

- Bring a plastic bag for any dirty clothing
- Bring a towel
- Bring snack and food baby likes
- Bring any toys baby responds well to
- Give baby some cake a few days or weeks before the session to see if they like it
- Have music on hand if it gets baby to smile
- Order a 6 or 8 inch cake. Avoid any super bright colours as it will stain baby's skin
- Do not order a fondant cake as baby will not be able to 'SMASH' it

Maternity SESSIONS

STUDIO, LIFESTYLE AND OUTDOOR MATERNITY SESSIONS

I offer 2 types of maternity sessions. Studio sessions happen in Fleetwood, Surrey. They use different backdrops and studio light is used. I can set up a bed in studio upon request. These shoots can be very glamorous and also more natural in style! Then there are outdoor sessions. Usually right before sunset is the best and there are tones of locations to choose from. I have maternity dresses available for certain sessions. Just ask me for the online gallery so you can view them.

PREPARING FOR YOUR SESSION

If you are wearing your own clothing for the maternity session, make sure you iron any wrinkles out. Avoid anything with busy patterns or large graphic logos. If you are wearing something form fitting, please wear the proper undergarments. Wearing bright pink underwear under a white dress may not be the most flattering, lol.

If you are wearing my dresses, make sure you bring nude coloured undergarments. If you have a strapless bra, bring that as well. For darker dresses, please bring a black bra with darker underwear.

It is important to wear the proper footwear as well. If we are outdoors wear something that you can walk around in. For indoor sessions, no footwear is needed.

For hair and make up, do whatever reflects you as a person. For those pieces of hair that like to stand up, make sure you apply some hairspray. It always makes editing more easier for me!! lol.

\$325

.....
Studio Newborn Session 1
.....

· INCLUDES ·

1 hour wrapped newborn session
(no family images)
