TIPS FOR GETTING
MAGAZINE-WORTHY
WEDDING DAY PHOTOS

HAVE ORGANIZED, INTENTIONAL DETAILS

All of the small details tell the complete story of your day. Be sure you're choosing items for your wedding day intentionally, so they are cohesive. Don't forget to include heirlooms and other items that are important to you! Be sure to keep everything in one organized box, so that you don't leave anything out!

PLAN ENOUGH TIME FOR EACH PORTION OF YOUR DAY

Ensure you have ample time to capture all of the big AND little moments on your day. Discussing with your photographer in length about what you'd like captured will give them a better idea when helping with your timeline. Planning enough time for intimate moments, details, portraits, and your reception are crucial touch points that complete your wedding day editorial.

DON'T JUST FOLLOW WEDDING TRENDS, CREATE YOUR OWN!

Since Pinterest is a wealth of knowledge, it's easy to get lost down the rabbit hole of ideas and trends. However, you can make your wedding stand out by adding in unique touches that are personal to the two of you. Everything from your favorite signature cocktails, to including your pets; you can even add in subtle elements into your wedding details from your favorite activities, travel destinations, movies, etc. These small elements will make your day uniquely you.

HIRE A PLANNER AND VENDORS THAT SHARE YOUR VISION

It might seem obvious, but it's important to hire vendors that understand and share the vision that you have for your wedding day. With so many great options available, it's important to be thorough when choosing professionals that will ultimately provide the best service for what you're looking for. Starting with a planner, you'll have help navigating the best vendor options for your day. Having quality vendors that work together as a team will pull together all the aspects of your wedding day seamlessly.

ENJOY THE DAY AND CELEBRATE!

Try to enjoy every moment as much as possible on your wedding day. It truly does go by quickly! Be fully present in your celebration and try not to sweat the small stuff. Capturing your authentic joy and excitement throughout your day is my favorite part of what I do. Those moments of you and your fiancé will absolutely radiate through your photos and bring happiness to everyone that sees them!
