PEP UP™

COLLAGEN BOOST FACE & NECK TREATMENT

PEP UP™

COLLAGEN BOOST FACE & NECK TREATMENT

Colorescience's new, clinically-tested Pep Up™ Collagen boost Face & Neck Treatment was created to give your skin the tools it needs to strengthen itself. Ideal for all skin types, Pep Up™ combines a powerful blend of ingredients to help support your skin's own healthy collagen production, so it can repair and defend against visible signs of aging. This treatment will enhance skin texture and tone, help diminish the appearance of wrinkles, and provide you with a healthy, rejuvenated look.

FEATURES & BENEFITS

- + Promotes healthy collagen & elastin production
- + Deep hydration
- + Advanced antioxidant support
- + Oil Free
- + Hypoallergenic
- + Non-comedogenic

SPECIALTY INGREDIENTS

- + **Decaplex-10™ Peptide Complex:** An exclusive blend of 10 potent peptides that helps to build collagen and addresses the visible signs of aging
- + **Hyaluronic Acid:** Helps to restore and reinforce moisture in the skin and defend against the signs of aging
- + **Phytomolist:** Provides hydration and improves overall suppleness of skin; 4x more hydrating than hyaluronic acid
- + **Lipochroman®:** A powerful antioxidant that helps prevent skin aging due to pollution and other environmental aggressors
- + **Physavie®:** A plant extract which helps to soothe and calm skin while helping to protect against the effects of infrared radiation

HOW TO USE

- + **USAGE:** Apply 1-2 pumps twice daily to the face & neck after cleansing or applying toner
- + **CLEANSE & TONE:** If you're cleansing in the shower, the steam will open your pores to help Pep Up™, like any product, absorb. If not cleansing in the shower, apply a warm, moist towel for the same pore-opening effect. Then, apply your favorite toner if you use one.
- + **DISPENSE & DOT:** Dispense two pumps of Pep Up™ and apply small dots to the face and neck. Pep Up™ the décolleté too—you may need an extra pump or two.
- + **MASSAGE & TAP:** Use light, quick, upward strokes to massage Pep Up™ into your skin. While Pep Up™ is still slightly damp, gently tap your face with your fingers to press product into skin and help it fully absorb.

PRO TIP: When using as part of an advanced skincare regimen, use Pep Up™ as the first layer then apply other treatment products directly on top, beginning with the thinnest texture.

EYE & BROW PALETTE

Shape, define and highlight your brows while creating a timeless eye makeup look with Colorescience® Eye & Brow Palette. Five versatile neutral shades for effortless, beautiful eyes.

FEATURES & BENEFITS

- + Five blendable shades to enhance your natural beauty
- + Double-ended brush to contour and define eyes and brows
- + Lightweight powder formula
- + Paraben-free

HOW TO USE

FOR EYES

1. Using the flat side of the brush, apply a light shade all over eyelid.
2. Contour with a medium shade in the crease.
3. Add definition by using the angled side of the brush to apply the deepest shade along the upper and lower lash lines.

FOR BROWS

1. Use the angled brush to apply short, upward strokes. Depending on your brow and hair color, use two or three shades to customize your look.
2. In the fullest part of your brow, apply a medium shade that is lighter than your desired look, as minerals will darken slightly once applied.
3. Follow using the darker shades where desired.
4. Once you've filled in and shaped your brows, use the flat brush to apply a lighter, neutral shade along the brow bone to highlight and add definition.

 VITAMIN C CONCENTRATE 30 ml	Vitamin C concentrate contains 20% stable vitamin C. Thanks to its antioxidative effect it minimizes pigmentation marks, age spots and uneven skin tone.	Vitamin C: Has intensely antioxidative effect and has been shown to neutralize free radicals.	It reduces existing oxidative damage such as pigmentation marks and melanin displacement, promotes collagen production and lends the skin a firmer appearance.
 HYALURONIC ACID CONCENTRATE 50 ml	Hyaluronic Acid Concentrate combines 4 different hyaluronic acids to deliver intensive surface hydration.	Hyaluronic Acid: Occurs naturally in the skin and stores moisture in the connective tissue, improving skin elasticity and resilience.	Helps improve the look of skin elasticity with long-lasting effects and plumps the skin surface.
 GROWTH FACTOR CONCENTRATE 30 ml	EGF Growth factor concentrate combines three biomimetic peptides that help support the skin's own natural growth factors EGF and FGF.	EGF & FGF: Stimulate skin cell regeneration and boost collagen and elastin production.	Helps activate natural skin renewal and essential rejuvenation mechanisms. For a firmer feeling and smoother looking skin structure.
 FERULIC ACID CONCENTRATE 30 ml	Ferulic Acid Concentrate boosts the skin's natural defenses against free radicals.	Ferulic Acid: Neutralizes free radicals, protects cells against oxidative damage and also has anti-inflammatory effect.	Helps damaged skin to repair itself and regenerate. Skin is calmed and looks soft, supple and radiant.
 CERAMIDE CONCENTRATE 30 ml	CE Ceramide concentrate is a blend of three types of skin-identical ceramides (NP, AP and EOP) that combine perfectly with the skin's own lipids	Ceramides: are the natural components of the skin's protective barrier. As ceramide levels decline with increasing age, skin can become dry and irritated.	It helps to strengthen the skin's natural barrier and protects the skin against moisture loss and external influences.
 MICROSILVER CONCENTRATE 30 ml	Microsilver Concentrate with active Microsilver and Neuroxyl helps strengthen the skin's own natural defenses.	Microsilver: releases small amounts of silver ions, which settle on the surface of the skin, where they have a local anti-microbial and anti-inflammatory effect.	For a calmer feeling, more balanced looking complexion, especially in the case of itching and irritation from dry, dehydrated, flaky, sensitive and problematic skin.
