

THE ULTIMATE

Bridal Trial Prep Guide

Here's what you NEED to know before
your Bridal Trial to get the best results.

swipe to find out how >

@windycityglam

Which Inspiration Photos should you bring?

- **Bring inspiration photos** of real brides with similar skin tone, facial features and hair color as you.
- **Your bridal beauty team's portfolio / IG** is the best place to source inspo photos.
- **Pinterest is not the best place** to find inspo due to unrealistic highly edited and AI photos.

Hair Prep – The Key to Long-Lasting Styles

- **Double shampoo and wash your hair** the night before. No oils or leave-ins.
- **Arrive with squeaky clean, dry hair—** damp or greasy hair won't style well.
- **Bring 100% human hair clip-in extensions** (shampooed and air-dried) if your hair is fine, thin, straight, or doesn't hold curls well (or if you want Hollywood waves).

Skin Prep for a Flawless Base

- **Come with a makeup-free**, moisturized face and groomed brows.
- **No SPF** and remove any blackheads, peach fuzz, facial hair prior.
- **Two weeks before:**
 - Get a Hydrafacial & Dermaplaning for smooth skin.
 - Stop using tretinoin, retinol, and active ingredients—focus on hydrating products.

What to Wear

- **Wear a white top or dress** that makes you feel pretty.
- Low neckline, thin straps, or strapless is ideal—**similar to your wedding dress neckline.**

Be On Time

- **Service time will not be extended** for late arrivals.
- E.g. if you're 15 minutes late for a 3-hour service, you will have 2 hours 45 minutes left.

Give Feedback

- **Don't be shy to give feedback.** Your artists will make adjustments and fine tune the look based on your feedback.
- You and your artist will need to **collaborate** to achieve the final look.
- Once you're happy with the final look, we'll take photos, videos, and notes in order to **recreate the look on your wedding day.**

Let's Create Your Dream Look!

Your trial is all about making sure you feel confident and beautiful. **Arrive prepared, and let's make magic.**
