

# Oakland Park

As Oakland Park continues to grow, established enclaves of the community expand while new neighborhoods bring opportunities for connections to nature and neighbors. **Lakeview** will continue to provide residents views of Lake Apopka and quick access to the shoreline nature trail. The new neighborhoods of **Hammock Preserve**, **Sadler**, **McKinnon Square**, and **The Reserve** offer new homes, new home styles and connections to the historic Sadler Oaks and the mesic oak hammock landscape.
