what to expect + trial tips

WHAT IS A HAIR AND MAKE-UP TRIAL?

Your hair and makeup trial is a time to come into our studio, meet your artistic team, and perfect the look you desire for your wedding day. This is a time to ask any questions you may have regarding day-of hair and makeup procedures as well as discuss timeline details.

HOW LONG DO HAIR AND MAKE-UP TRIALS TAKE?

In our experience the hair and makeup trial time varies based on the individual Bride and her desired look. On average, we recommend that you schedule a minimum of 3 hours.

SCHEDULING YOUR TRIAL

*Trials are scheduled after we have received your booking payment. All trials are done at the Bangs and Blush Studio. It is recommended that you schedule your trial in the 1-3 weeks prior to your wedding (we do not schedule trials on Saturdays). **Side Note:** The day of your bridal portraits and/or final dress fitting are great days to schedule your trial.*

PREPARING FOR YOUR TRIAL

- *Start looking for hair and makeup inspiration photos and bring them with you the day of your trial. When you are searching for ideas, look for photos that resemble you: face shape, eye shape, hair color, length & texture.*
 - *Wear white! Different colors and patterns can be distracting, wearing a white blouse will allow you to visualize your look as it would be seen on the day of!*
- *If you are wearing a veil or any hairpieces, we recommend you bring them so you can discuss placement with your hair stylist. Also, if you plan to wear earrings, a necklace, etc., consider bringing those items with you.*
- *If you have a timeline from your Photographer and/or Wedding Planner please bring us a copy or send via email prior to your trial date. This will allow us to determine our start time for the day of your wedding.*
- *Please arrive at your trial wearing no make-up and with clean, dry hair. (If you normally flat iron your hair, we recommend not to the day of your trial) If a prior engagement prevents you from arriving make-up free, you may cleanse your face at our studio prior to beginning your trial.*

ALLERGIES

If you are sensitive to any ingredients or products that you know of, please discuss this with your artists. The airbrush system we use and most of our artists' other products are marketed for all skin types.
