ARTFUL — IMAGERY

film and digital

Welcome —

When you look back on your wedding photos, do you want to remember how it looked or how it felt?

If you want to remember both, then you're in the right place, my friend.

Welcome to Photos by Kmac! Whether you decide to officially book with me or go in a different direction, you will forever be a part of my heart. I am so thankful you're here, friend!

As you scroll through these pages, take a deep breath. I hope my heart radiates through my art. This is your day and I would love to be a part of it.

"I feel that there is nothing more truly artistic than to love people."

Vincent Van Gogh

Hi friend,

I'm Katelyn!

... but everyone calls me Kmac! I'm an intimate wedding and elopement photographer here to capture your story in its most raw and genuine way. I desire nothing more than to love people with my camera in hand, so that's what I'm here to do!

I've been shooting weddings for a little over 6 years now, and I love it more and more every day. In my free time, I enjoy spending time with my people and exploring new places around Montana!

I am a follower of Jesus and my life's mission is to glorify His name. It's truly an honor to document your love, so let's do this!!

My Approach:

More than likely in your search for the perfect photographer, you've stumbled upon the word "documentary" as it relates to photography. While I don't claim to be 100% hands off in my approach to capturing your day, Photos by Kmac is committed to capturing moments as they occur in the most raw and real way possible.

My goal on your wedding day is to be a calming presence that can guide you through any stress or emotions you may face. Arguably you will spend more time with me on your day than most people at the wedding (besides your new spouse of course!) By being aware of this and the importance of it, I am determined to be a presence you can rely on to capture every moment, big or small.

Your day will come and go and your photos (and possibly video) will be the biggest thing you have left to remember all the time and effort you spent on every small detail. It will be the way to remember now only how things looked, but how they FELT. As a fly on the wall (with a camera), I will be there to capture moments that might disappear with time if it were not for the photos.

Remember...

This is an experience far beyond just photos. I want you to remember the way the wind felt on your cheeks, and how the warmth of the sun felt on your arms. I want to capture that look he gives you when you say your vows. Every tiny, seemingly insignificant detail.

Those memories are priceless.

“I cannot say enough good things about Kmac and her work. Not only was she a joy to work with on my wedding but even leading up to my big day. Prior to my wedding she reached out multiple times to confirm plans, brainstorm ideas, and just provide encouragement.

On the day of my wedding she made everything fun and her presence brought peace to the day. If you want a photographer that will care about you, capture amazing photos, and handle each situation with professionalism Kmac is your girl!”

“Kmac was truly SUCH a joy to work with!! She is a wonderful encourager and talented creative who encouraged us to have fun and let loose on our very busy wedding day. She was our biggest hype-woman and made both my husband and I feel more confident in front of a camera than we ever have before. Kmac has such a calming and fun-loving presence that is infectious to all those around her. It was so fun getting to be in front of her camera for a day!”
