Hi, I'm Jennifer

I am a multi-passionate mompreneur! I am a wife of 27+ years, website designer and developer, an interpreter for the Deaf, a virtual assistant (ReVA), and Etsy VA

I have built websites through Wordpress for the last 10 years.

Now, I build custom websites through Showit and Showit templates for coaches, realtors, and podcasters to use so they can have a beautiful site that converts to more clients and customers.

The Showit platform is incredibly user friendly and I'm here to help you along the way!

Let me know how if I can answer any questions you might have!
