Meeting room management is a Breeze

## Advanced Features

### Multi-Touch Screen

The durable, multi-touch screen with Active Shielding technology ensures accurate contact, even with wet fingers.

### SignWave Widget

SignWave connects to your property EMS or PMS software reliably and securely via the cloud-based Breeze Digital Signage system.

### CE | FCC | RoHS Certified

SignWave is certified and meets all requirements for PC devices. It meets CE, FCC and RoHS standards for low voltage devices.

## Installation Highlights

### Built-In PoE+

Built-in Power-over-Ethernet simplifies installation and eliminates messing with 3rd party add-ons, assuring you of the simplest yet most reliable installation possible.

### Ultra Slim Chassis

The BRZ-10 US provides a sleek design solution with a depth of 0.82" from the wall. The well-designed encasement and POE+ connection ensures a clean installation.

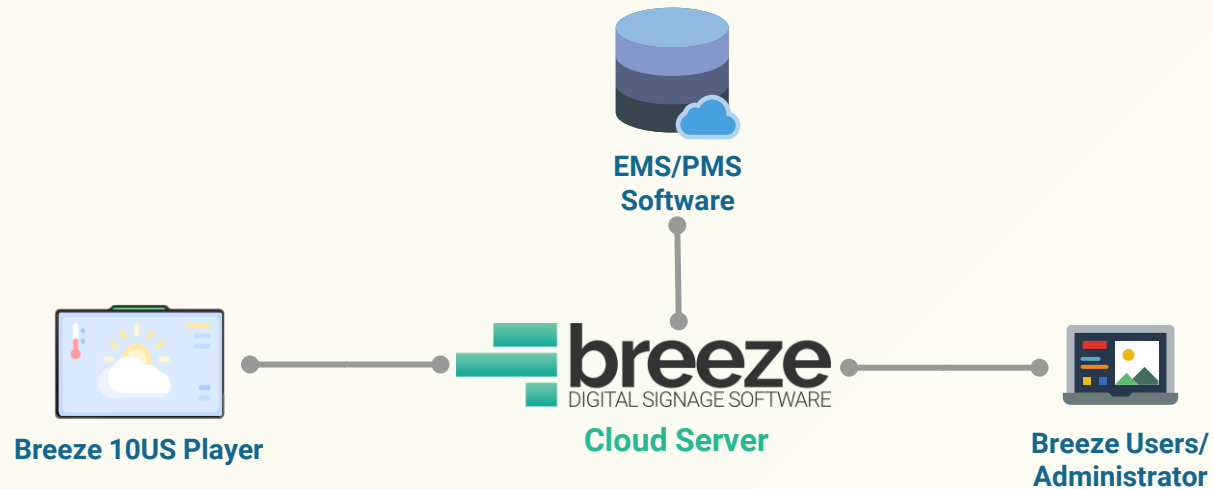

### Portrait Installation

A damage free surface mount and discreet cable systems provide ultimate flexibility in how you display your content.

## BRZ-10US

Meeting room management is a Breeze

All communication in the Breeze architecture - whether it is the Feed Server to the Breeze Server Instance or Breeze Server Instance to individual players - **occurs over HTTPS**. **HTTPS is HTTP connection secured with SSL/TLS**.
