CELEBRATING THIS GUY

MALACHI

Mad respect for this guy right here ➡ Malachi you have grown and developed skills no one could ever have predicted! Malachi, you have been a fighter 🤪 since birth and you have shown us that nothing can stand in the way of you becoming the best version of yourself 🏆. Ms. Abby loves you more than you'll ever know 💖 and is so proud of your hard work in OT 😊 We cherish seeing your bright shining face around here and we love all of your fun and exciting ideas! You make our world go round! 🌍💖

 The DST Office will be closed the week of Thanksgiving 11/25 - 11/29

Moving Updates...

MOVING OUT OF OUR CURRENT OFFICE IN DECEMBER

Our current office at 11911 Frankford Ave has been leased by a new tenant and they will be moving in January 1, 2025

Construction on the new office at 5021 122nd street was supposed to be completed in early December which is not looking promising at this point. So, it may delay our ability to move into the new office at the end of December, beginning of January 2025. 🤨

Please have some grace with us 🙏 as we navigate moving out of the office during Christmas break and trying to re-open at the beginning of next year as soon as construction is completed.

Much of this is out of our hands as we wait for the construction team to complete their work and for all inspections to be completed before we can move in. We will keep you apprised of developments as they occur and will stay in touch over the Christmas break and early next year to let you know when we will be back in business. 😊

last sessions

Your child's last sessions for the year will be completed in the current office in mid-December upon the start of Christmas break. For those of you who are new to DST, we always close the office during Christmas break to allow our families the chance to slow down and enjoy the Christmas season with friends and family.

We are thankful that the move-out timeframe will coordinate with the Christmas break which happens to be the busiest time of the year for our families!

the wait

NEW OFFICE LOBBY

Concerns? WE TOTALLY GET IT

We totally understand if you are concerned about the possibility of therapy being delayed for longer than just the Christmas break.

Trust us, if we could speed up this process we would! We don't want to be closed for longer than humanly necessary!

Please discuss the possibility of front loading therapy appointments in November and early December as your child's therapist's schedule allows. If it's an option, it's a great way to "make hay while the sun is shining". Also, consider completing some parent conferences that are part of your child's package during the delay. These can be completed over the phone and don't have to happen in the therapy office.

will be worth it
