WELCOME!

Congratulations on your engagement and thank you for taking the time to stop by and view my work. I know this will be one of the most exciting and busy times of your lives and I'm here to help in any way I can.

My style of photography is mostly candid and I cherish capturing moments as they happen naturally throughout a wedding day. My aim is to always keep your day fun, stress free and relaxed.

This wedding guide is to help ensure you get all of the information you need from the get go. As one of the only suppliers who will be with you most of the day, I hope to help you feel prepared, informed and reassured about what to expect so that you'll be able to enjoy your wedding day to the fullest extent.

Thank you for being here with me!

“We first met Leanne in 2015 when she captured beautiful memories of our wedding. We loved Leanne’s style so much that we approached Leanne in 2017 to take newborn photos of our son and again when he turned 12 months old.

Her friendly, down to earth personality, made us feel at ease and comfortable. The quality of photos and value for money is what makes us turn to Leanne each and every time.”

ENGAGEMENT SESSIONS

Why have an *engagement shoot?*

Wondering why you'd bother spending the extra money? Here are five top reasons to book that engagement session or pre-wedding shoot:

1. It'll make you feel more comfortable on your actual wedding day. I'll be with you for the majority of the big day, capturing really personal and emotional moments. An engagement shoot helps to break the ice and feel comfortable about how we'll be working together on the day.

2. It'll give you a better sense of what to expect from your images. I'll be able to learn about you and how you feel you look best in photos in advance of your wedding day.

3. Combine your session with your hair and make-up trial so that you can see if you like how it feels for a few hours and also how it actually photographs. This will give you a chance to change it before the big day if you'd like to.

4. You'll have a decent set of photos to make use of and get creative with. Think: personalised 'save-the-dates', decor for your table centre pieces, or even an album for your guest signing book at your wedding reception.

5. Just for fun! Spend some time with your partner doing something fun and/or romantic. Enjoy the relaxed pace of the shoot (often in contrast to your wedding day) and use it as a chance to really express who you are as a couple. Sessions are priced at \$400.

We only met with Leanne and knew straight away she would be the one to capture our perfect day!

From the moment we met, she made us feel very comfortable and gave us confidence in choosing her. She was very prompt with her replies and very helpful with information and suggestions.

Even though our day was full of rain, she captured some magical moments and looking back through our photos, has made us relive our day all over again. Nothing was too much for her and she absolutely captured some wonderful memories for us.

Now we have the hard task of choosing which photos to put on our wall, which is extremely difficult due to how many amazing photos she captured.

We would absolutely recommend Leanne to anyone!

FREQUENTLY ASKED QUESTIONS

Can I add extra hours to my package?

Absolutely you can. Extra hours can be added for \$150 per hour. These are discounted depending on how many you add.

Should we feed you?

Oh yes please. :) This is only if I am staying longer than an hour at your reception and your venue will be able to provide vendor meals.

What if you can't attend our wedding?

I've never yet not been able to attend a wedding but, as with any supplier, it is possible that an illness or emergency could prevent me from attending your wedding. In this unlikely event, I will try to find a similar style replacement from my network. If this is not possible, then the final, worst and last case scenario is that I will refund the money you have paid me.

FREQUENTLY ASKED QUESTIONS

Should we have a second photographer?

Sometimes an extra photographer can be beneficial for much larger weddings and you can book one for \$650 (6 hours). They'll be able to maximise the coverage of your day by providing a different perspective, priority or angle. You'll love their complementary images, which are personally edited by me so they'll work together seamlessly.

Do you edit and retouch the images?

I know you want to see yourself looking your best in the photos. I edit and retouch with care and respect.

Initially getting this right in-camera with the most flattering angles and lighting is key but if you get a temporary blemish on the day, I'll remove it! Don't worry, I avoid obvious, heavily-edited changes.

The process of editing essentially involves making an appropriate artistic judgement on each photo and aiming for a cohesive collection. This may mean adjustments to the exposure and crop or a conversion to black and white, for example. Each image is individually edited to reflect my light and airy style. You'll receive perfectly-finished digital images.

You can pay for additional retouching if you wish.
