**PEDIATRIC ASSOCIATES OF WATERTOWN, PC
CLINIC POLICIES AND PROCEDURES AGREEMENT**

Below are important policies you need to review and be aware of to maintain our trusting professional relationship with you and/or your child. PLEASE INITIAL EACH POLICY, indicating you are aware of them and agree to abide by them. Inability to follow these policies may result in dismissal from the practice.

APPOINTMENTS REQUIRED FOR ALL VISITS

To schedule an appointment, please call us in advance. For same-day sick visits, call as soon as possible. We reserve a limited number of same-day appointments, which can fill up quickly. All same-day appointments are prioritized. If there is a life-threatening emergency, call 911. Pediatric Associates of Watertown does not discriminate based on age (except for being beyond the scope of practice of Pediatrics), gender, race, sexual orientation, creed, religion, disability, or national origin.

REFILLS AND REFERRALS

Please allow up to 2 weeks for referrals to be processed. Repeated calls may delay the process. We ask that you wait 2-3 weeks before calling to check on routine referrals. Prescription refills require at least 3 business days' notice. Some medications, like ADD/ADHD, anxiety, and asthma meds, may require regular office visits for refills. We cannot refill routine medications without a yearly physical.

BILLING EDUCATION

We follow insurance rules for reporting services. These rules vary by plan, so it's important to understand your coverage. It is your responsibility to know what your insurance plan covers and does not cover. During a visit, we may address both a specific issue and routine care. Both get reported to your insurance, which may result in additional charges based on your plan.

APPOINTMENT CANCELLATIONS AND RESCHEDULING

Please call us ASAP to cancel or reschedule appointments. We charge a \$25 fee for missed appointments without 24-hour notice. Arrive 10 minutes early. If you are more than 10 minutes past your appointment time, we will reschedule you to the next available time. We may dismiss families after 3 missed appointments without notice.

NO CELL PHONES OR DISRUPTIVE BEHAVIOR

Please no cell phone use in the office. Inform anyone accompanying your child of our policy. No video recording or images of staff without consent. No cursing or rude behavior allowed. There is also a zero-tolerance policy for cursing and rude/disruptive behavior, which will result in dismissal from the practice.

PERMISSION RELEASE FORMS (ONLY APPLIES TO PATIENTS UNDER 18 YEARS OF AGE)

If you authorize someone other than yourself to bring your child for treatment, we require that the necessary release forms be completed by the legal guardian prior to the child's visit. It is your responsibility to ensure that the individual accompanying your child has the insurance card, their photo ID, and the required copay or co-insurance payment.

FORM/PAPERWORK REQUESTS

If you are requesting any type of paperwork such as school forms, shot records, etc, this could take up to 5 business days to process them for you in time. Some forms may require an appointment to be completed or reviewed. Currently, we do not charge for forms to be filled out.

YEARLY PHYSICALS

PLEASE NOTE: IT IS IMPORTANT FOR CONTINUITY OF CARE THAT WE, AS THE MEDICAL HOME, PERFORM A YEARLY PHYSICAL. School physicals are not accepted as proof of yearly physicals. Refusal to schedule yearly physicals may result in discharge from our practice.

PATIENT PORTAL BILLING STATEMENTS

Our office utilizes the patient portal to notify you of any outstanding balances on the patient's account. Patients with an active patient portal account on file will receive billing statements via the patient portal.

Vaccine Policy Statement

- We firmly believe in the effectiveness of vaccines to prevent serious illness and to save lives.
- We firmly believe in the safety of vaccines. The recommended vaccine schedule is the results of years of scientific study and data gathering on millions of children by thousands of our brightest scientists and physicians.
- We firmly believe that all children and young adults should receive all the recommended vaccines according to the schedule published by the Centers for Disease Control and Prevention and the American Academy of Pediatrics.
- We firmly believe, based on all available literature, evidence and current studies, that vaccines do not cause autism or other developmental disabilities. We firmly believe that thimerosal, a preservative that has been in vaccines for decades and remains in some vaccines, does not cause autism or other developmental disabilities.
- We firmly believe that vaccinating children and young adults may be the single most important health-promoting intervention we perform as doctors, and that you can perform as parents.

The vaccine campaign is a victim of its own success. It is precisely because vaccines are so effective at preventing illness that we are even discussing whether they should be given. Because of vaccines, many people have never seen a child with polio, tetanus, whooping cough, bacterial meningitis, or even chickenpox. Though it used to be tragically commonplace, most people no longer know a friend or family member whose child died of one of these diseases. Such success can make us complacent about vaccination. But such an attitude, if it becomes widespread, can only lead to tragic results.

We recognize that the choice may be a very emotional one for some parents. Social media and internet sensationalism have created a great deal of anxiety in many people. However, vaccinating according to the schedule is the right thing to do. The doctors here all vaccinate their own babies according to the CDC recommendations. In some cases, we may alter the schedule to accommodate parental anxiety. **Please be advised, however, that delaying or breaking up vaccines goes against the recommendation of the doctors at Pediatric Associates, expert recommendations, and scientific evidence, and can put your child at risk for serious illness and death. Parents will be required to sign a Refusal to Vaccinate acknowledgement in the event of lengthy delays. All patients in our practice are required to receive a minimum of DTaP, Hib, Polio, and Pneumococcal by 3 months of age, the second dose of each of these by 6 months of age, and the third dose of each by 10 months of age. They must have ALL AAP-recommended doses of DTaP, Hib, Polio, and Pneumococcal, MMR, Varicella, Hepatitis B, and Hepatitis A by two years of age. The MMR, Varicella, Polio, and DTaP boosters must be completed by 6 years of age. The meningococcal vaccine and the TDap booster must be received by age 12.**

Out of commitment to the safety of your child and all of the other children in the waiting room, we cannot continue provide medical care to families who will not follow the above guidelines. There are currently no pediatric offices in the immediate area that are accepting unvaccinated children into their practice. Financial Policy & Education

As you may know, there are very specific regulations about billing for health care services. As your health care provider, we are obligated to follow those regulations in how we report services provided to you. Additionally, every insurance plan may have different rules that vary from insurer to insurer and may even vary between plans of the same insurer. It is your responsibility to know what your insurance plan covers and does not cover.

- All physicians/providers must report services using a variety of codes to tell the insurance company what was done and why.
- It is not uncommon for patients during a visit to receive management and treatment services for a separate and specific problem, as well as routine or preventive services at the same time.
- Both services must be reported to the insurance company and may result in an additional co-payment or charge as per the insurer's plan rules, which we are obligated to follow.
- There are many different insurance companies and plans: addressing a problem may trigger a co-payment or additional charges to your account.
- Your financial responsibility is determined by the rules of your insurance company, which we are obligated to follow.
- If you have questions, please check with your insurance plan.

You hereby authorize the treatment and assignment of your insurance benefits for claims to be paid to Pediatric Associates of Watertown, P.C. for medical services rendered. If we do not participate with your insurance, we will Courtesy Bill that insurance for you. However, you will be responsible for any payment due. Payment is required at the time of the visit, by the accompanying parent or adult. This includes co-pays, coinsurance, deductibles, and charges not covered by your insurance. Knowing your insurance coverage is your responsibility. We accept cash, check or most major credit cards. Should you choose to pay with a traditional credit card, you are foregoing all of the protections afforded by both federal and state medical debt laws.

There is a service charge of \$20.00 for returned checks. Accounts that are overdue by 30 days from the date payment was due will be charged 1.5% interest on the total amount. Failure to pay your bill in a timely manner may result in turning your account over to a Collection Agency and dismissal from the practice. We require your insurance card and ID for every visit

We provide the best possible care for you and your family and to being respectful of your time.
