How Tech Fuels Growth and Efficiency at Our School

Teachers at Toronto International Academy are thrilled with how the new interactive displays have transformed our classrooms. These tools have made lessons more engaging and dynamic. We write directly on them, using different colours, and we send lessons directly to students' phones. We also use them for showing videos, instead of using clunky and unreliable projectors. Potential uses include interactive timelines for history lessons, 3D models for science concepts, real-time quizzes for immediate feedback, and collaborative problem-solving activities in math. These smart boards have proven invaluable for student learning, making class time more interactive and fun.

- Editor's Note

Bilal Bakri, Vice Principal

UNIVERSITY OF TORONTO

U of T Provides Transfer Credits to TIA Student

TIA student Haneul Eom received a substantial number of transfer credits from UofT St. George Campus, recognizing her studies back in South Korea. Haneul plans to study the Business program and, due to her previous post-secondary studies, has received a total of 7.5 credits from UofT. This helps her zoom ahead in the completion of 20 credits for the Honours Bachelor’s program at the university. The school wishes all the best to Haneul in September. Have a great summer, Haneul!

Final Exams at TIA

Toronto International Academy held its final exams on June 20th and 21st, covering Communication Technology, Nutrition, History, Math, Biology, and Chemistry. Earlier in the week, teachers conducted thorough exam reviews, ensuring students were well-prepared. The comprehensive review sessions helped students feel confident and ready, reflecting the academy's commitment to academic excellence and student success. The successful exam period marked the culmination of a fruitful academic year.

TIA's International Food Day

TIA's Nutrition class hosted an International Food Day, where students cooked and shared dishes from Sudan, India, Jordan, and China. The event featured a variety of sweet and savory foods, including Chicken Biryani, Kunafa, and Chickpea Bites. This cultural culinary celebration allowed students to explore global cuisines and appreciate diverse food traditions, enhancing their understanding of nutrition and culinary arts.

Get ready for Summer School!

Toronto International Academy is set to run summer school in July and August, offering courses such as ESL, Grade 11 Functions, Grade 12 Advanced Functions, and Grade 11 and 12 English. Summer school provides an excellent opportunity for students to fast-track their courses and maintain strong study habits during the break. This initiative supports academic advancement and ensures students stay engaged and prepared for the upcoming school year.

BITTS

In-house IELTS Testing is back at in 2024-2025!

TIA is excited to announce the recommencement of IELTS preparation and testing for the 2024-2025 school year. Having established a partnership with BITTS, starting fall 2024 students will get in-house IELTS testing services, including both paper and online testing. Comprehensive prep courses designed to enhance their English proficiency and test-taking skills will also be provided by the school. TIA is proud to serve as an official IELTS testing center, providing convenient access to the examination.
