ABOUT ME.

I was born to a middle-class family. Having completed my graduation in Computer Science Engineering, I have developed a passion towards Digital Marketing. This passion led me to take up a course in the field of Digital Marketing and later I started working at a Marketing Firm. However, I was not satisfied with the regular 9-5 job and like all youngsters I always had a dream of doing big in my career.

This dream led me to leave the job when I was 23 and at 24 I started STYLÉCRUZE Magazine which is a "Submissions-Based Fashion Magazine" with three models who also happen to be my friends. I still remember the struggling initial days, when I shared about my startup with friends and family most of them laughed at me and "that it was a foolish decision to leave a secure 9-5 job and start a Fashion Magazine. But in the back of my mind I was thinking to myself, I've got to build something for myself.

The strategy was simple, to be patient and accumulate experience as I work on STYLÉCRUZE Magazine. There were times of despair. however I garnered the strength and believed my guts and instincts. I adhered to the principles of hardwork, determination and dedication. Today I am glad that they have paid off now. I am not complacent and I have insatiable urge for higher echelons which I am confident of achieving it.

I am also glad that STYLÉCRUZE Magazine stands No 1 in the Google ranking of "USA FASHION MAGAZINE".

It gives me great joy to share that we have launched few more magazines viz., OVER Magazines, which is an exclusive Beauty Magazine, TÉENCRUZE which is Magazine exclusive for Teens, MENCRUZE for Men and PROFICIENT for Art /Skill based submissions.

We would like to profusely thank "Jaspreet Singh" for choosing our magazine and collaborating with us.
