about

K CHARLES BEAUTY

As a licensed esthetician and professional makeup artist with nearly a decade of experience in the beauty industry, I am passionate about helping each client look and feel their best. My journey began with my own struggle with cystic acne during my teen years, which sparked my love for makeup and evolved into a creative outlet once my skin became healthy and clear.

I specialize in creating radiant, natural makeup looks that enhance your natural beauty, with a timeless approach to bridal makeup. With numerous features in esteemed publications such as Wisconsin Bride, you can trust that I'll deliver exceptional care and attention to your beauty needs.

I understand the transformative power of makeup and its ability to boost self-confidence. That's why I am committed to using only the highest quality products and techniques to ensure that all my clients look and feel beautiful in their own skin.

When I'm not in the treatment room or in front of the makeup chair, I love spending time with my boyfriend Bill and our little fuzzy family of two cats and one dog. If you ask about any of them or my numerous houseplants, you won't get me to stop talking, and I'd love to hear about yours too!
