WEDDING DAY

TIPS

Your wedding day should feel effortless, joyful, and full of love—not like a photoshoot. That’s why I’m here to guide you every step of the way, making sure you look and feel incredible while capturing the moments that matter most.

Whether you’re nervous about being in front of the camera or just want to make sure everything runs smoothly, these simple tips will help you feel confident, relaxed, and completely in the moment. Because the best photos? They come from real emotions, natural movement, and you simply enjoying your day.

BE PRESENT

Your wedding day flies by! Take deep breaths, soak in the love, and trust me to capture every beautiful moment.

TRUST YOUR TEAM

From photography to hair and makeup, your vendors are here to make your day seamless. Let us do the heavy lifting while you enjoy every second.

EMBRACE NATURAL POSING

You don’t need to “perform” for the camera. I’ll guide you into natural, effortless moments that reflect your true connection.

PLAN FOR EMOTION

Don’t hold back the happy tears or belly laughs! The most meaningful images come from real, unscripted moments.

GOLDEN HOUR MAGIC

If possible, set aside 15-20 minutes around sunset for the most romantic, dreamy portraits of the day. You won’t regret it!

MOVEMENT IS KEY

Walking, twirling, or simply holding hands creates the most natural, joyful images. Don’t be afraid to move!

HAVE A FIRST LOOK (IF YOU WANT!)

It’s an intimate, private moment to connect before the ceremony—and it helps with nerves!

KEEP YOUR DETAILS TOGETHER

Have your rings, invitation suite, shoes, and accessories ready so I can capture those timeless flat lays right away.

HOLD YOUR BOUQUET LOW

A common mistake! Keep your bouquet at your belly button for the most flattering look in photos.

SCHEDULE BUFFER TIME

Things run late, and that’s okay! Add extra time into your timeline to avoid stress and keep the day running smoothly.

CELEBRATE & HAVE FUN!

The best photos come from genuine joy. Laugh, dance, kiss, and soak in the magic of the day!
