COLORFUL CONCEPTS

LOCATION: WILMINGTON, N.C.

DESIGNER: SALLY WILLIAMS

Nestled within a natural landscape, the contemporary marsh-front home now boasts welcoming outdoor living spaces. The detailed design allows for an appreciation of spectacular views of the wildlife-filled waterway. Spaces include multiple rear outdoor rooms—from the dining and guest balconies to lower decks and lounge areas—that benefit from nature-inspired palettes and layers.

Each of the dining and lounging balconies defines a relaxed atmosphere of coastal living through the use of natural woods. They accompany durable contemporary tables, outdoor accessories and rugs. On the lower deck multiple sitting areas utilize chaise lounges for sunning and deep seating for conversation. A handy and stylish bar cabinet enables further enjoyment of the outdoor space.
