**Dear Patients and Friends,**

After much reflection, I'm writing to share some very personal news. As of this August, I will be stepping away from ownership of Lakeway Dental Associates. This is not a decision I've taken lightly — the last 5 years in Lakeway have been a wonderful experience, I am thankful for the opportunity that you have given me to be your dental provider, many of you feel more like family than patients! It has been a great honor to be a part of your lives and part of your healthcare team these last few years!

From the beginning of my time here with you in Lakeway, I've always tried to ensure that the dental care we provided at Lakeway Dental Associates, stayed personal, honest, and grounded in trust. As I look to the next chapter in my life, my priority has been to find someone who shares that same philosophy — someone who isn't just a great clinician, but a good person who will carry on the relationships we've built together.

I am thrilled to introduce Dr. Mourad Fawzy as the new owner of Lakeway Dental Associates. From the first time we spoke, I knew he was the right fit. Dr. Fawzy is a talented and compassionate general dentist who shares the same commitment to ethical care and treating every patient like family. He brings a fresh perspective, current techniques, and a real heart for this community!

To be clear, this is a thoughtful handoff to someone I trust deeply — someone my wife and I will personally go to for our own dental work. I will be working side-by-side with Dr. Fawzy for a short transition period to ensure a smooth handoff, and then will step back, knowing the practice is in excellent hands.

You will still see the same familiar team, in the same location, with the same phone number, smiles, and service you're used to! My hope is that you will welcome Dr. Fawzy just as warmly as you've supported me over the years.

Thank you for your trust, your stories, and the many years of letting me be your dentist. I am endlessly grateful!

With all my appreciation,

**Dr. Brent Dupper**

### **A Note from Dr. Fawzy**

Hi everyone,

My name is Dr. Mourad Fawzy and I'm grateful for the opportunity to introduce myself as the new owner of Lakeway Dental Associates. I know that anytime a long-standing practice changes hands, it can bring some uncertainty — but my goal is to make this transition feel as smooth and comfortable as possible.

When I first met Dr. Dupper and spent time in the practice, what stood out immediately was his sincerity and integrity. His main priority in this transition was finding someone who would care for his patients like family. It was clear that this practice has been built on trust, consistency, and treating people the right way. With big shoes to fill, I am grateful and confident to continue serving this community.

I'm a general dentist with 15 years of experience. I started out in Egypt taking over my mother's dental office and later decided to move to the USA to pursue my career further. I continued my education at the University of Colorado School of Dental Medicine.

Through clear communication, sound clinical judgment, and doing what's in the best interest of patients, I treat others as I would my own family—with honesty, expertise, and a focus on the long-term benefit. My aim is to build trust, mutual respect, and a comforting environment.

My wife and I are new to the area and excited to settle in here. We're looking forward to being part of this community, not just professionally, but personally as well. You'll see us around town — hopefully not just at the dental office.

I'm looking forward to meeting you, learning about what matters to you, and continuing the kind of care that Dr. Dupper and his team have supplied. I appreciate your trust during this transition, and I'll work hard to earn it moving forward.

Sincerely,

**Dr. Mourad Fawzy**
