## PERSONAL BRIDAL ASSISTANCE

200/hour

Personal bridal assistance is available for a minimum of 2 consecutive hours & includes unlimited touch ups for the bride & bridal party members receiving makeup services. Perfect for brides getting married during the hot summer months, or brides wanting to change their look after their ceremony.

# POLICIES & PROCEDURES

- Retainers are required to secure your date. Retainers are 50% of the brides service total. Retainers are non-refundable & non-transferable, without exception.
- To secure your date, a retainer must be submitted. Retainers apply fully to the bride's wedding day total.
- We currently have a 6-service minimum for all weddings. This is per service, not per person (i.e. 1 bridesmaid receiving hair + makeup is 2 services).
- Final headcount for services is not required to secure your date, keeping our service minimum in mind. You will, however, need your final headcount at the conclusion of your preview appointment, typically scheduled 6-8 weeks prior to the wedding.
- Weddings & lead stylists are booked 'first come, first serve', based on when a retainer is received. Due to our high volume of inquiries, we are unable to tell a prospective bride if another bride inquires about the same date. Inquiries in no way secure a date, as the only way to secure your date is to submit a retainer.
- Your final invoice is payable with any major credit card using Honeybook for processing. Final balance is due in full a minimum of 30 days prior to your wedding.
- Pricing, policies, & service minimums are non-negotiable, no exceptions.
