Our Rentals

We are happy to offer a curated selection of rentals from our trusted partner, Select Event Group, along with a few Serendipity-exclusive items. Your Serendipity Sales Manager will handle all communication with Select Event Group for items chosen from their catalog and will arrange the delivery and pick up of all items at the event.

Not sure where to start with rentals? Your Serendipity Sales Manager is here to help! In addition to figuring out what items you will need for the service we're providing at your event, we can help create a tablescape that fits perfectly into your wedding vision.

We keep all linens, napkins, and items marked with * in our showroom. You are able to view these items during your food tasting with us and can schedule a visit at any point of the planning process to select your event rentals. Please inquire with a sales manager for additional options available through Select Event Group.
