BUILDER PROGRAMME

As a Rep, you are given the opportunity to climb your way up the marketing ranks with our Builder Programme.

As you continue to enrol Reps and ITAs, your marketing commissions increase. As your team grows, your earning potential does too.

As you work your way through the Builder Programme, you will be paid commissions on direct sales you personally make (£42) , as well as 50% matches on all of those who have gone on to share the opportunity with others just like you have done (£21). There is no limit to the number of direct sales or 50% matches you can make so build to your heart's content and earn that weekly commission every Thursday.

Once you have helped just nine people to get set up (Gold Builder) you will also receive 10% commission match, known as an override, on all the travel booking sales they make too.

RESIDUAL INCOME

The following income streams we are going to discuss are all residual.

You get paid £3 per person on your entire organisation every single month. So if you have 100 agents that's £300 every month, 1000 agents pays you £3000! Even if you switched your phone off for six months and did nothing, you'd still get paid.

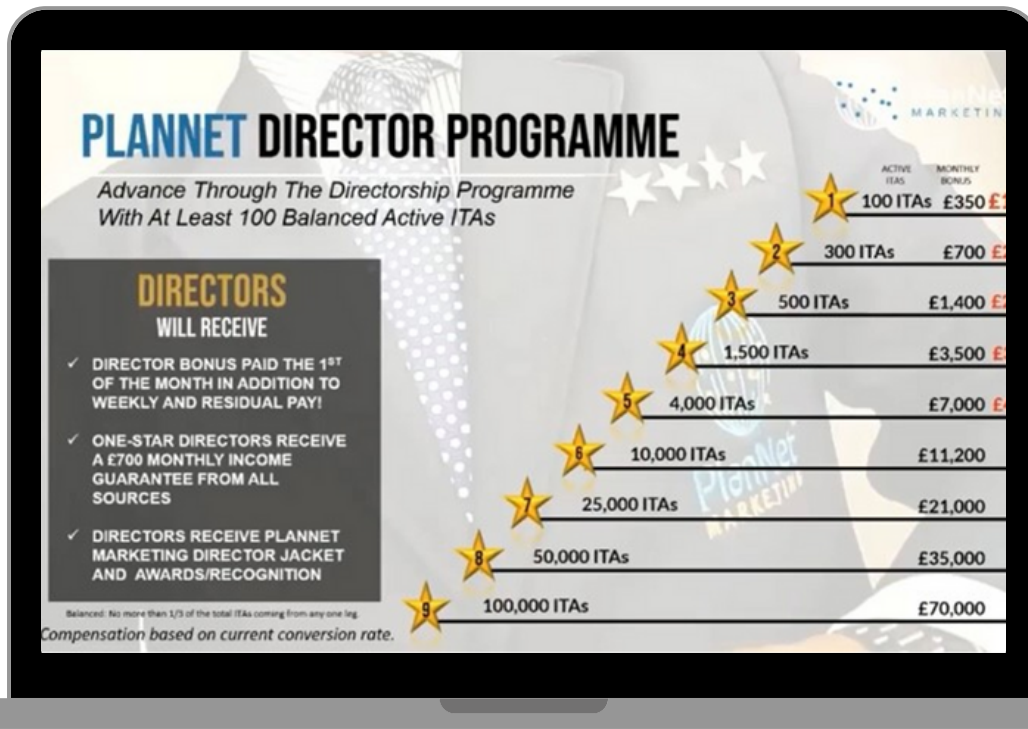

You could have one person in your organisation who brought in 2000 others, and because you get paid on everyone that falls into your organisation you would get paid £3 on them all per month without fail, continuously.

MATRIX MATCH: We also have a 10% commission matrix override you'd get as a GOLD builder.

So, whatever your personal agents make on their matrix commissions you get paid on too.

You get a 10% match of what they're making - the max on this is £88.9k a month.

DIRECTOR PROGRAMME

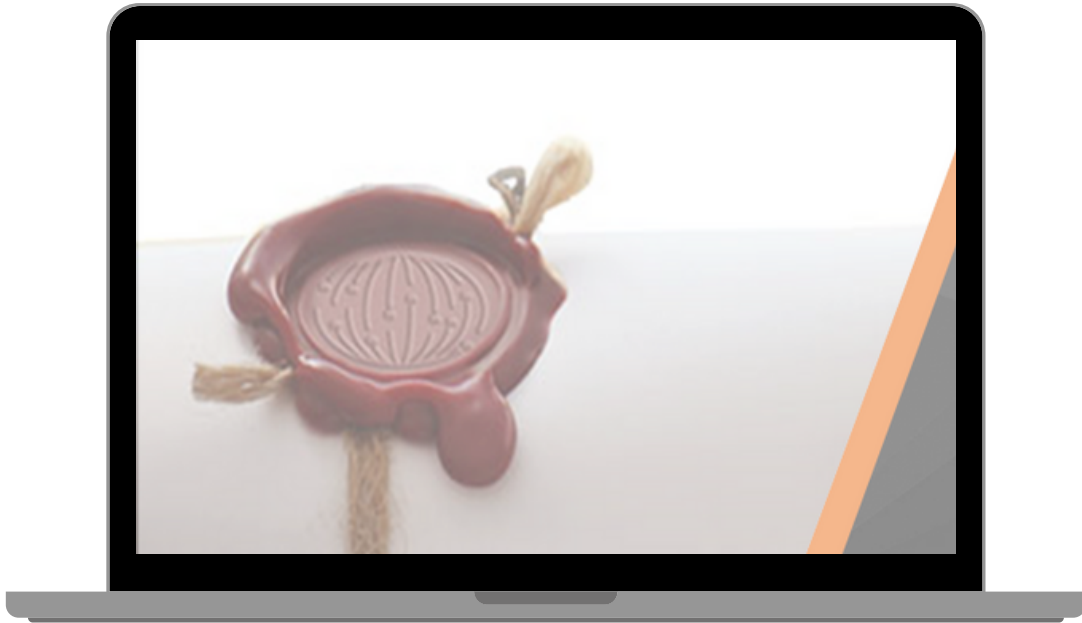

As your business grows, you become eligible for advanced Director levels as seen above, as well as higher earning potentials.

When hitting the first milestone on the Directorship programme One Star Director, you are guaranteed monthly income sources of £755 minimum.

Directors are paid a Director Monthly Bonus based on the number of Active ITAs in their organisation. This is paid on the first of every month.

As successful as our team are, we have had multiple agents hit this milestone, and many more in qualification and upcoming, we want this to be you too!

WILLABLE INCOME (THE PLEDGE)

When hitting Directorship and the first milestone of 'One Star Director', you will receive a financial pledge from the company. This is a legal document stating that you have now secured your income legally.

So in the event of anything happening to you, your business doesn't just stop or get shut down, it will continue to pay for generations, it is financial security for life. You can choose to have this in anyone's name; your children, spouse, a family member, a friend etc.

Your payments from your Director bonus, the residual income, your weekly pay, will all continue to be paid to the person of your choice.

That is a real incentive to strive for Directorship and secure your income legally for peace of mind.

As a Rep you will be given a handbook to success which contains all the information you need to share the opportunity with others, duplicate the process and be known for helping others to travel smarter.

It is imperative that you work through each page of this handbook and use it as your go-to guide. Also use your mentor for support when needed.

Along with the Rep Handbook you will find additional resources and webinars to train on the academy website and Facebook community group too.

GETTING STARTED AS A REP

When you joined you were given your own unique link to share with other people that want to join the business. Drop a message to your mentor if you're ready to start sharing this wonderful business with your network, and they will explain how to use it.

Start reaping the benefits that come with helping your network earn an additional income and save on all their personal travel too.
