

# LOVE NOTES

## *...helped shift my mindset*

**Breanna S.**

Joi has really helped shift my mindset in terms of being a multi-passionate creative. She helped me redefine who I am and what I have to offer creatively, and how I show up in the world.

Anybody who resonates with being a multi-passionate should invest in the program as an investment in yourself and who you are.

## *You've helped me accept my dreams*

**Alexis J.**

Joi, I just want to share how amazing you have been. How you have helped me accept my dreams and put them into action. The work we have done, in just owning and accepting my full creativity and who I want to be (when to me it seemed unrealistic) has opened up my dream and made it a tangible thing. Thank you!

## *I came out of coaching enlightened.*

**Jennifer H.**

I went into the coaching session confused and came out so enlightened. Joi made me think outside the box, challenged me to have more fun and to be more creative.

## *Joi has opened my eyes...*

**Andrea H.**

Joi has opened up my eyes to something in myself I didn't even know existed.
