

# GOLD COAST MARINE SURVEYING

Pre-Purchase, Condition & Valuation, and Appraisal Surveys - Long Island, NY

## SERVICES

My goal is to provide an extremely comprehensive and thorough survey of the vessel's systems, hull and propulsion. A complete pre-purchase will allow you to find the value and condition of a vessel so you can make an informed decision on the purchase. The basic survey includes a visual inspection of the vessel, as well as a thorough inspection of the engine, wiring, plumbing, pumps, hulls, etc. Whether it is a pre-purchase, reinsurance or valuation survey, Gold Coast Marine Surveying Corp. has been a leader in the marine survey field. If you are in the process of purchasing a boat, or if you already own a boat and are in need of inspection, please don't hesitate to get in touch with me. I survey hundreds of boats a year and **this is my only business**. I am dedicated to doing the very best for you.

## ABOUT ME

Hi! I'm Alec. I have been building and rehabilitating boats part time for 40 years, concentrating on restoring sailboats and classic wood boats. After working as a systems engineer at Cisco Systems for a quarter century, I decided to change careers and follow my passion.

## PAST CLIENTS

*"I recently inherited a boat and had no idea what condition it was in. Alec explained everything for me from top to bottom so I knew the value and upkeep required. I highly recommend his services."*

*"Before purchasing my boat, I had Alec do an appraisal so I could be sure it was a good investment. He was professional, on-time, and provided a very thorough survey. He did a fantastic job and I recommend him for*

*"I used Gold Coast when I was trying to sell my first boat, and I am so glad that I did! With Alec's recommendation, I had the engine replaced so I could sell it for more in the long run, and purchase my dream*

Sandy D.

any surveying needs.

boat?
