"I love discovering new artists and artworks it is an absolute passion"

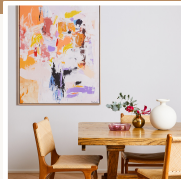

Art is a fantastic way to personalise your space and bring some life to those empty walls. My favourite method of injecting fun and interest into a client's home is by introducing art.

And guess what? Once you know where to look for art, it's easy to find something that makes your heart sing. You can relax on the sofa in your pyjamas and buy stunning artwork! With my simple guide, you're bound to find a piece (or maybe a few!) that can help decorate those walls.

The availability of affordable, quality art is rising, and many online and physical stores now champion emerging artists' works.

So to get you started, here are a few of my top places
