SELECTING YOUR DESIGN

You have three options for designing the outer appearance of your album. You can use the Curated Cover Designs (left), Curated Spine Designs (next page) or select a Binary Handset Font (the following page) and have two lines of text imprinted to the front.

Once you've narrowed down the design, select the cover imprint foil colour and placement to complete the design.

IMPRINT

You can choose up to two lines of phrasing. First line is 36pt (3/8" height) and second line is 24pt (1/4" height) by default. Bindery handset fonts are only available to be used in the exact size and style indicated. The actual bindery handset fonts can be slightly different than the digital screen font on your computer. Differences such as font thickness can occur, as well as slight spacing between letters.

Please note: our "centred" means placed (stamped) on optical center.

MATERIAL

Refined & Elegant

The materials have been painstakingly selected from fine mills around the globe to make every heirloom you create a timeless keepsake.

Whether it is an organic fibre (Natural Linen & Sakura Cotton) or natural material (Genuine Leather) or man made materials such as (Vegan Leather or Japanese Faux Silk), each material selection has been made with several factors to keep unique client needs in mind.

All of our “man made” materials are recognized as vegan friendly for those clients who prefer to use them.

SILK

Made of rayon based material from Japan. Beautiful sheen and texture made this line very popular adding upscale luxury and elegance.
