HOW PHOTOS ARE SUPPOSED TO BE

# LET'S BE REAL

*We won't be handing our old  
iphones to our kids.*

Why spend thousands of dollars on your wedding photography only to let them live as your phone background or on a hard drive? These are your memories, and memories are meant to last and enjoy forever. That's why we offer the best and highest quality fine art albums so your memories can live on for generations.

Print your wedding album and keep your memories alive.

# *Why* DESIGN MATTERS

**EACH SPREAD CUSTOM DESIGNED TO TELL YOUR STORY**

# FINE ART WEDDING ALBUMS

We pride ourselves on offering the best albums available, so your memories can be preserved and showcased in the most exquisite way. Drawing from your most beloved photos integrated with powerful storytelling of your wedding day, we set out to create a powerful photo album handcrafted with intention from cover to cover.

## INVESTMENT

### *The Power of Tangibility*

We believe in the power of real experiences and true quality, something that can endure past trends, feelings, or time. That's why we only offer the highest of quality albums and prints with the best of the best. Something that can endure through the quiet afternoons flipping through the book, the wine glasses and kids and moves and moments relived.

HOW IT WORKS

# *The Album* Design Process

01.

## CHOOSE YOUR ALBUMS

Take a look through our offerings and decide what you'd like to invest in. This is something you can do now to treasure for later, so decide if you'd like more books to look at or more prints to hang on the walls. Katherine is able to make recommendations!

03.

## THE DESIGN PROCESS BEGINS

Once your favorites have been made, we'll get to designing each spread of your album with intention and care - selectively choosing images and curating each spread so a magazine-style is created that packs memories in while allowing your images to breathe.

05.

## PUT IT ALL TOGETHER

Once the final design proof has been approved, you'll select your cover material, debossing text, and your album will be sent to our maker to be produced by hand! It will arrive to your home within 4 weeks (but usually sooner!)

02.

## SELECT YOUR FAVORITES

Go through your final wedding gallery and select 200-300 favorite images (dependent on the number of spreads). We'll use our expertise to select critical storytelling images to complement your favorites so the album unfolds just as naturally as your wedding day did.

04.

## ROUNDS OF REVISIONS

After the first design proof has been made, we'll go through two rounds of revisions where you can make direct comments and adjustments on a digital proof of your design so you can ensure it's exactly to your liking.
