

## LUSHI SONG PHOTOGRAPHY

*“Photography is a way of feeling, of touching, of loving.  
What you have caught on film is captured forever...  
It remembers little things, long after you have forgotten  
everything.”*

*hello + welcome*

*Capturing joyful moments, fulfilling celebrations, and timeless memories of weddings is a true passion of mine. Throughout my career I have developed techniques by using both digital and film mediums, allowing the camera to capture motion imagery as well as detailed portraits. As a professional photographer, my goal is to obtain the stories of each unique formality, as every participant has their own story to tell.*

*Taking pictures is savoring life intensely, every hundredth of a second. Organic and natural photos are the ones that will live on forever and bring back the heartfelt reminiscence of that moment.*

*I am looking forward to hearing your story.*

*Your hopeful photographer + friend,*

*Lushi Song*

## NEXT STEP

*Once you've decided on the collection you are most interested in, email me with your selection. We will then schedule a call to get to know each other, discuss your vision for your wedding day, and talk about any adjustments to your wedding collection so that it is totally tailored to what you're desiring! I believe there is no one-size-fits-all wedding collection, so let's create something unique to you and use your selection as the starting point. I am truly here for you and I love to help guide you through the planning process in all the ways that I can. I'm so excited to hear from you and get to know your story!*
