

Hey there!

Welcome to September! Are you ready to break out your #PumpkinSpice everything? I don't know about you, but I am SO ready to enter this next season of 2020... and yes, I am already looking ahead at 2021. ☐

Cooler weather and the unbeatable fall foliage we have here in New Hampshire are a big motivation for me to hit the trails and keep working toward my goal of climbing a mountain this fall.

You probably know me well enough by now to know that I'm big on relying on my peeps to help me reach my goals, both in business and my personal life.

Many of you have shared your goals with me as well, so let's keep this accountability train going. What progress have you made in reaching your goals? *I want to hear from YOU!*

Speaking of my amazing BB&A community, we're growing! Be sure to keep an eye out for new faces around here. Bringing new members onto our team always adds such a fresh perspective and isn't that just what we all need these right now?

Enjoy these last days of summer!

Google Keep

Are you one of those people (like me) who makes lists for absolutely everything? Grocery lists, biz lists, lists of lists? #don'tjudgeme.

How are you supposed to keep all of it organized? If you haven't jumped on the

Google Keep bandwagon, the time has come. Google Keep is so much more than just an organization method - you can record and automatically transcribe voice memos, collaborate with other users, and even color code your notes because who doesn't love color? Try it on the [web](#) or download the app.

We relieve our clients of the demands of running an office so that they can find freedom to focus on what they love to do.
