Welcome

To Our Valued Customers,

We are truly pleased to welcome you to our second annual production offering from Triple C Black Herefords. Whether you're a returning customer or joining us for the first time, thank you for taking the time to be part of our journey. We are most grateful for your support and the trust you have placed in our breeding program.

At Triple C, we've built our herd with a relentless focus on improving the Black Hereford breed. Every mating decision, every investment in genetics, and every day of care is driven by our commitment to deliver cattle that work—for your operation and for the future of this breed. From sound structure and docility to performance and phenotype, we're constantly striving to raise the bar.

We stand firmly behind every animal in this sale. These cattle have been developed with superior genetics and careful breeding practices to enhance the traits of our breed, and we're confident they will go to work for you.

Our relationship with our customers doesn't end at the handshake—we're here to support you long after the gavel falls. We thank you for implementing our genetics into your herds. We realize that any success we have comes from you, our customers, and we are truly thankful for our relationship with you and for the new relationships with customers to come.

We are excited to have Blazer Farms and Gardner Cattle as returning consignors this year along with our new consigner Double RR Cattle Company. They have brought some outstanding cattle and genetics for your consideration.

Thank you again for your interest, your business, your belief in the Black Hereford breed and in our cattle. We are more than proud to be part of an organization that values progress, quality, and people. We look forward to visiting with you on May 10th and helping you find your next great herd addition!

Sincerely,
The Smith and Crow Families

Jeremy Smith Family

• M036 is stout from the ground up—big footed, smooth jointed, and built with a sharp, eye-catching front end. This homozygous polled herd bull prospect is sired by the popular AI sire, SHF Houston, and brings a powerful combination of muscle, structure, and style. With his look and pedigree, M036 has the potential to be a real breeding piece for those looking to add performance and quality to their program.
