

# THE DIFFERENCE BETWEEN HOMEWORK & STUDYING

Homework is what the teacher assigns. Students study to ensure they have learned the material and can retrieve it under pressure, like on a test.

I also agree to review my notes daily, make the notes quizzable and quiz myself.

- Put worksheets in my homework folder.
- Check to make sure I have the materials I need before I leave school.
- Ask my teacher if I can't remember what the homework assignment is.
