Ceremony address (only if required)	
Reception location and time	
Reception address (only if required)	

RSVP POSTCARD

RSVP date	
RSVP return address	
Do you want a 'song request' note?	
Other information required?	

ADDRESSING

Do not include the actual street address of the event, unless unavailable on Google. Smart phones and GPS are readily available and invitations look better without it. Always spell out words such as 'Street', 'Road' etc on envelopes and invitations.

MAILING

Post invitations 8 weeks before the wedding day.

SAVE THE DATE

Always send a 'Save the Date' for weddings that require most, or all guests, to book accommodation and/or flights.

GIFTS & WISHING WELL

Wishing wells for cash gifts are a perfectly acceptable option now, and we have a number of fun and polite wording options to select from.

ENVELOPES

It used to be considered proper etiquette to hand address envelopes, but now it is acceptable, and highly advised, to have them addressed for you in matching fonts to your design. Poor penmanship can spoil a beautiful invitation and envelopes are the first thing your guests will see.

ORDERING PROCESS

1

Browse our collection and find a design you love. Get in contact with us to start the design process.

2

Email hello@forthelovers.com.au your wedding information from page 3 of this booklet. We recommend ordering 10% extra just in case you require more invites. The minimum is 20 invites if you unexpectedly require more.

3

We will send you a quote. Once the quote is accepted, we will send you an invoice for a 50% deposit.

4

We will customise your order and send you back a digital proof within 5 business days. 3 rounds of complimentary changes are available.

5

Once approved, final payment (plus postage) is due, before printing.

6

Stationery is printed and delivered to you in a beautifully packaged box. Alternatively, if you selected to pay us to do this, your invites will go out directly to your guests, from the studio.

SHIPPING

Shipping is provided through Sendle or with Australia Post (whichever ends up cheaper for you) and charged according to size and weight of box. You will receive a tracking number once shipment has been made. For The Lovers is located in Perth, Western Australia, and ships to customers worldwide.

DIGITAL PROOFS

For The Lovers strives to make sure all spelling and details are correct, but cannot be held responsible for any typing errors noticed after the proofs have been approved. Your approval in writing via email acts as final approval of the designs exactly as they appear within the digital proof. Changes requested beyond this will incur reprinting fees, so please check the digital proof carefully.

GUIDELINES FOR YOUR ADDRESSED ENVELOPES

- Addresses must be submitted in excel format
- 4 columns: Name, Address, Suburb/State/Postcode, Country (if applicable)
- Spell out all abbreviations (Street, Road etc)

FONTS

Each of our fonts has been chosen to suit the specific theme of the invitation, however we are open to using an alternative, just ask! We will guide you towards making the right choice of replacement font(s). Alternate font design is \$50, plus the cost of new font(s) should they not be free.

MAPS

If you would like a map illustration, you must supply a screen shot of the venue/area from Google Maps. Please highlight any specific landmarks or other information you would like included. Map artwork is \$50.
