

THANK YOU SO MUCH...

...for taking the time to record & send a testimonial video of your experience with The Influencer Bootcamp. We are SO excited to see it!

Included are some tips & talking points to assist you & make recording this as easy as possible.

What to do & basic guidelines:

- Record a 2-4 minute testimonial video about your experience & successes from going through The Influencer Bootcamp
- You can use your cell phone!
- Make sure to have good lighting and record in **landscape**
- Be specific in your responses - if your engagement rate increased, share by how much. Or for example, if you landed a brand partnership, which brand. These kind of specific examples make a HUGE difference.
- Don't worry about messing up because we will edit the video. Just make sure you are answering the questions as in-depth as possible.

Here are a few questions to help you get started:

01

02

For this, don't reveal what that exact lesson is. For example, if one of your lightbulb moments was how to use Reels to grow your Instagram account, say "I didn't realize how to leverage Reels to grow my account, and The Influencer Bootcamp had all the strategies I needed," not "I didn't know before taking The Influencer Bootcamp that I needed to catch people's attention in the first second of my Reel."
