

SEMI-CUSTOM COLOR GUIDE

READ ME FIRST!

Please review the available colors carefully as not all colors are available in all type and sized items.

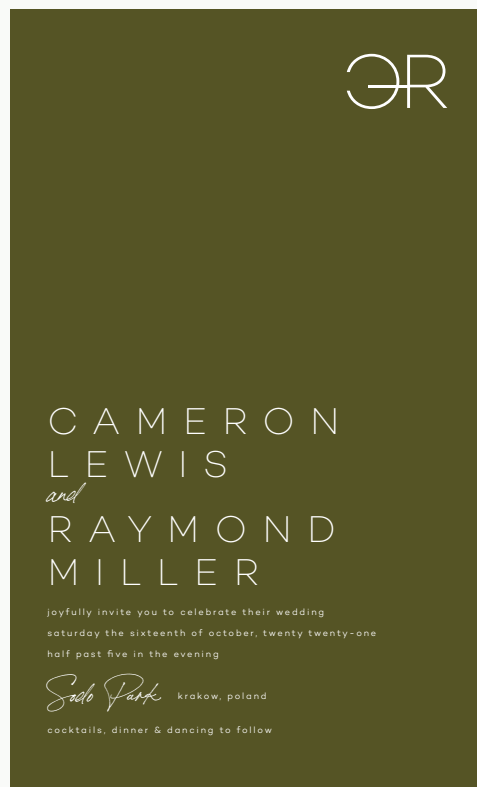

We recommend picking a lighter color for the RSVP card because guests will need to write on it and a dark color will not show ink well.

We currently only allow digital printing (flat printing). Our darker papers will require *white* digital printing in order for ink to show up (see example).

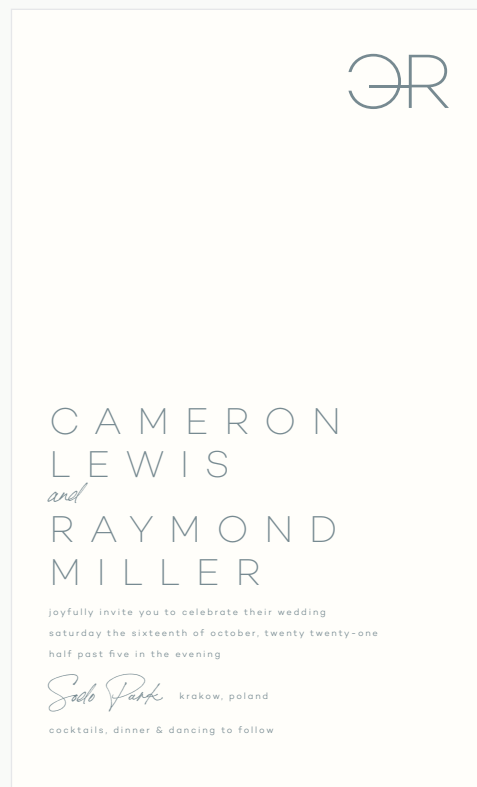

PAPER AND INK CHOICES

All of our papers are thick matte finished card stock. We source from a variety of suppliers, so be sure to specify the exact color. Please note lighter papers work better for RSVP cards.

Recommended for
RSVP cards

White on Olive

Dusty Blue Ink on Pure White

Charcoal Gray on Mist

White on Classic Black

ENVELOPES

Most of envelopes are available in the A6 (RSVP) and A7 (5x7in) size, but there are limited available for A9 (5.5x8.5), No10 (4x9in) and Square (6x6in). Please inquire for current available sizing.
