ABOUT THE AUTHOR

ARLON BRIGHT

*Really?!
Screw this guy!*

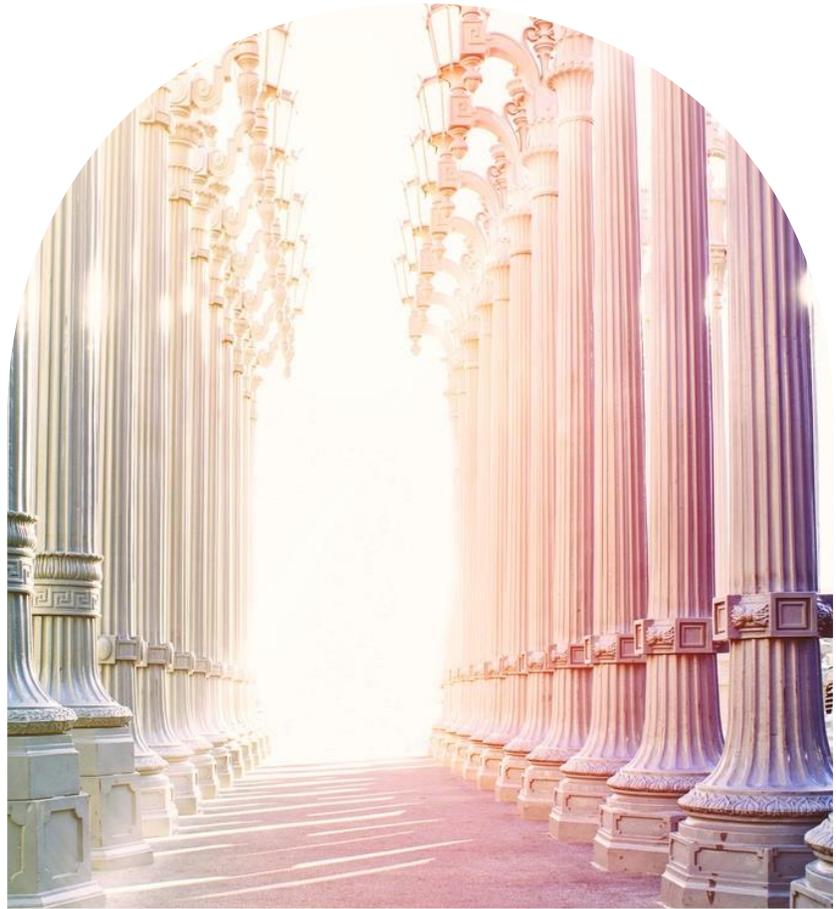

Arlon Blight is the president of The Starlight Pioneer Society, a lifestyle community based on the ancient concepts of embracing the cosmos and distilling it down to the inner light that lives within each of us.

Arlon began in the business side of things in the 1990s, when he opened an Insurance company out of his apartment in Dallas.

Unfortunately, many people became jealous of my success and his business was sabotaged under the guise of "not being legitimate" and Arlon "not having a license."

Throughout the years of adversity, Arlon has remained positive and always soul-searching in his quest to better understand human existence.

Through his tireless research, Arlon came up with the basic concepts that would become the building blocks for The Starlight Pioneer Society.

WHO WE ARE

What is The Starlight Pioneer Society?

For all intensive purposes, we are a family.

It's "intents and purposes,"

Our *dumbass!* rests on three pillars:

1

Self-Actualization

First, you must recognize yourself. You are a pioneer. You are on a journey. From now on, you are free from society, free from those who would hold you back.

2

Community

Second, you are now *we* a member of a community. We are you, you are ~~us~~. There is no distinction between us when we are together or apart.

3

Loyalty

Finally, ultimately, we are all children of Father Arlon. We are loyal to him. We listen and obey him. By doing so, we are rewarded with inner peace.

WHAT DO YOU REALLY WANT FROM LIFE?
DON'T LIE TO YOURSELF... DON'T BE AFRAID.

*The only thing I'm afraid of is how much of
my mom's money you used to print copies of this
ridiculous "workbook."*

WHAT IS HOLDING YOU BACK?

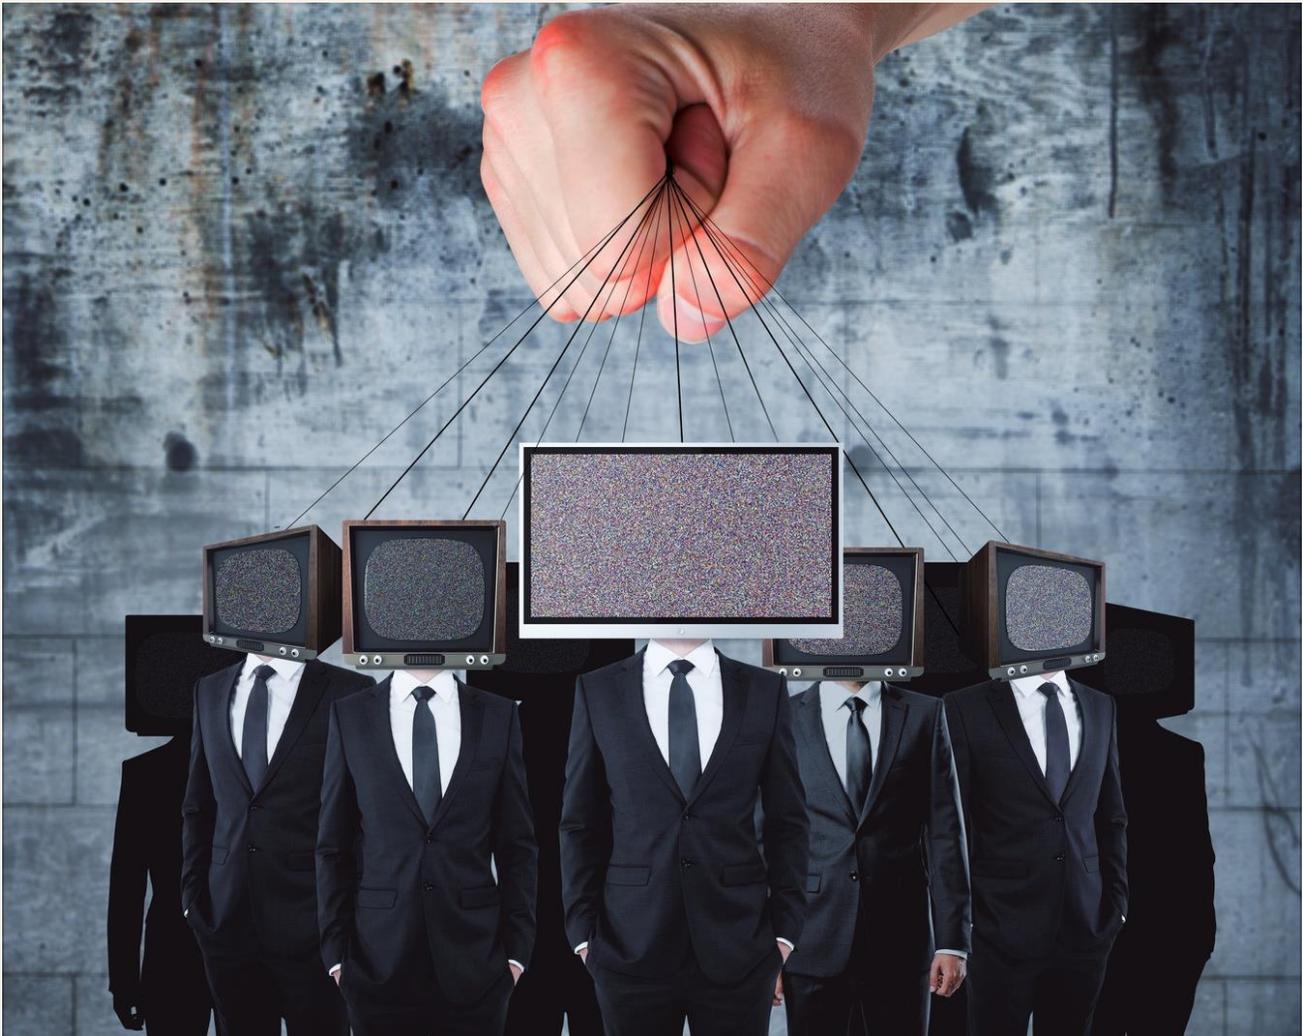

You! You, you freaking asshole!

WHAT IS YOUR PLAN OF ACTION
TO ACHIEVE WHAT YOU DESERVE?

What you want is what you deserve.

IT'S NOT A CULT *I have no words*

We are frequently asked if we are a cult. We find this question strange coming from members of a society who are, themselves, brainwashed by the evil trappings of this material world.

You are consuming television programs every day that tell you what to think, what to say, what to do, what to buy. So who's in a cult?

accept We are a cohesive society. We ~~except~~ everyone and welcome them with open arms!

It's not a cult. It's a lifestyle community.

DON'T BE CHAINED TO MATERIAL THINGS.

Make a list of things of value that you will sell for the cause (think TVs, computers, jewelry, stock options, retirement funds, etc...)

*Well, let's see... you already took our TV,
my dad's laptop, a bunch of my mom's
jewelry, a painting that was hanging in the
dining room that was worth a little
money... yeah, don't worry, I'm keeping
track of what you've stolen!*

*These people have a
better grasp on reality
than you do*

WHERE WE'VE BEEN AND WHERE WE'RE GOING

The Society began by meeting weekly in a corner of a local coffee shop. Back then we had a handful of members and heads full of dreams.

Currently, we are located in a portable Meeting Hall, where we meet multiple times a week to hear inspiration from our dear Father Arlon.

To find us, take the first right off Maple Road. and we're in the vacant lot right behind the Arby's.

This dump is your meeting hall?

We're excited to be moving to a new commune off Huxby Lane. Our dear Sister Julie Glass is granting us use of her property and home. With over forty acres, The Starlight Pioneer Society will create The Outpost, a place of community living, farming, and enlightenment.

There are a few kinks to work out before the move, but stay tuned because it's coming soon!

But even as wonderful as The Outpost will be, it is not our final destination. To learn about that, turn the page!

You want a final destination? I'll give you a final destination!

THE NEXT PLANE OF EXISTENCE

Really?!

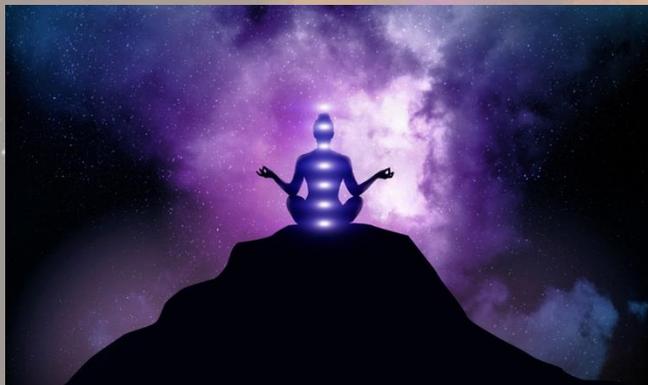

Wait. You just said that this is a journey. Now it's not a journey. Alert! alert! continuity error!

Our ultimate destination isn't a destination at all... It's just another step in the evolutionary journey.

People love to say that life is a journey. Life isn't a journey. Journeys have starting points and destinations. We are wanderers, wandering without a destination is the point.

The next plane of existence can't be understood by a mortal mind. Only our inner lights understand it. They are what we allow to lead us forward.

How convenient

“

NEARLY ALL MEN CAN
STAND ADVERSITY, BUT
IF YOU WANT TO TEST
A MAN'S CHARACTER,
GIVE HIM POWER.”

ARLON BLIGHT

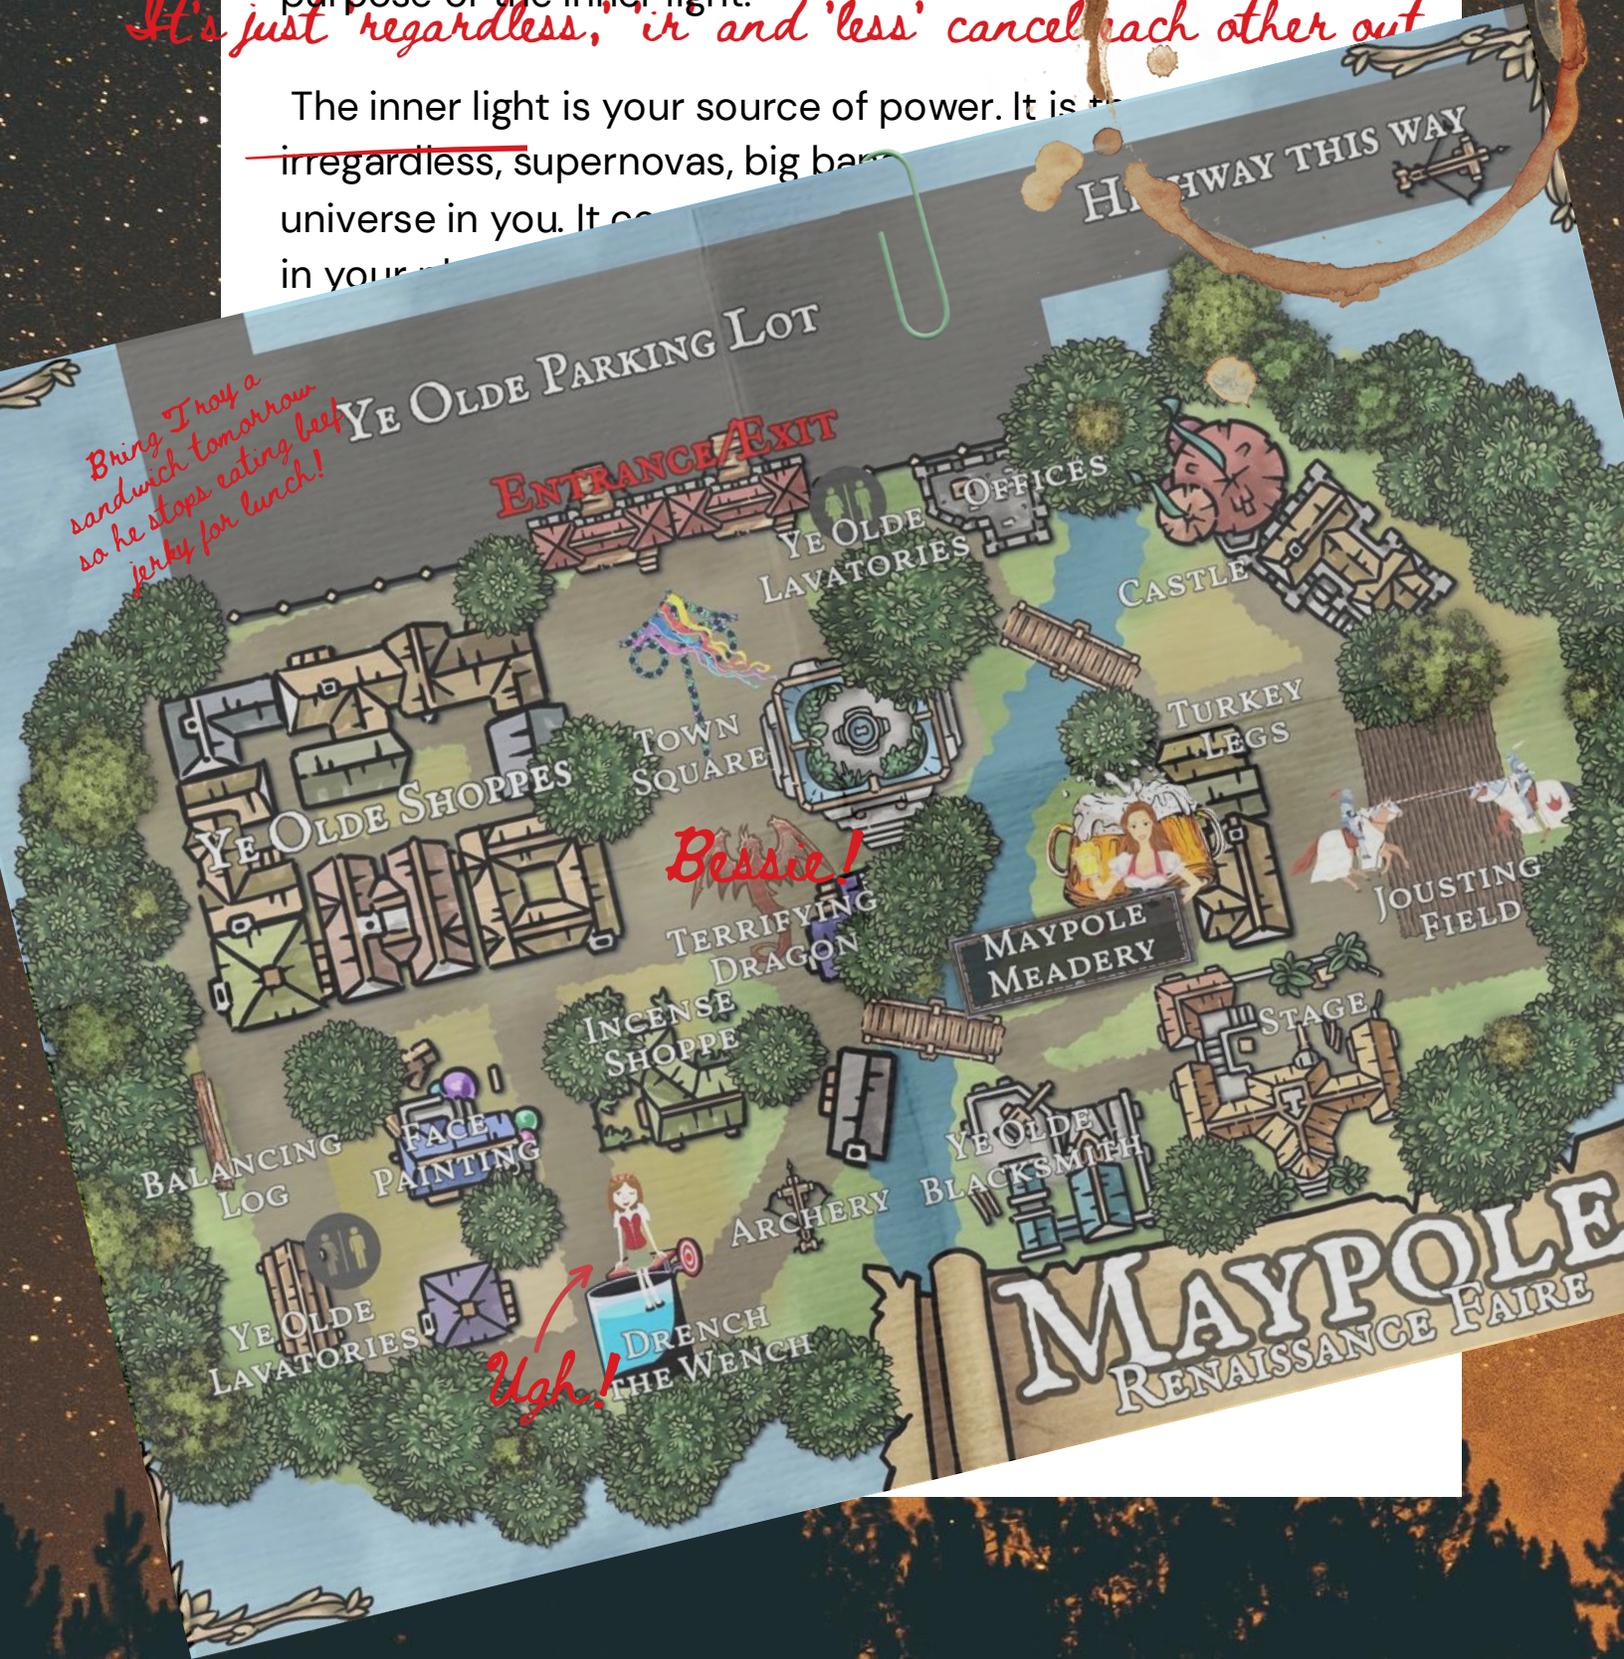

AN INNER LIGHT FOR ALL

Each of us has an inner light, whether we are aware of it or not. Many different beliefs exist about the inner light—some call it an aura; some call it a soul—but we believe we have boiled away all the nonsense to reveal the true nature and purpose of the inner light.

It's just 'regardless,' 'ir' and 'less' cancel each other out

The inner light is your source of power. It is ~~ir~~ regardless, supernovas, big bang universe in you. It ~~less~~ in your

WRITE A LETTER TO YOUR FUTURE SELF

Dear Glinda,

I have transcended to the next plane of existence. I want to thank you for all of the time and effort you have put forth to get me here.

Hey, self, if you're reading this and you've actually transcended to the next plane of existence, then I can also assume that hell has frozen over, pigs are flying, and the Dallas Cowboys won the Super Bowl.

The most memorable moment of my life was when Father Arlon...

Went away and never came back!

Thank you for listening to Father Arlon!

You too can know

ARLON'S PEACE

Inspirational sayings by our noble leader...

- ★ Dreams are only as strong as our will.
- ★ Fight on for the freedom to be a prisoner unto yourself. Captivity is not a negative if you are your own warden.
- ★ A dream is like a full moon caught in a dewdrop. Drink the dew.

★ Sarcasm is a defense and a weak one at that. It is a brittle sheet of ice that coats good intentions and shatters at the slightest resistance.

★ Your inner light is traveling backward from the future to the past. You have to learn to meet it at that moment of intersection with your consciousness and then harness it to guide you back up toward the future.

★ Life is not a journey, but a guided tour of our own mediocrity.

- ★ The present is all there is. The past is an illusion. Later is a phantom.
- ★ The secrets of one lead to the destruction of all.
- ★ Trust is paramount to a community: trust in oneself, in others, and most importantly, trust in one's leader. To question a true leader is to reject reason itself.

PIONEERS REJECT GRIEF

Who or what have you lost? *my dad*

How does that make you feel? *uh... what kind of question is this?
Bad. It makes me feel really bad.*

What has the weight of that grief taken from you?

My happiness, my future, my family, everything.

What would you be willing to do to be rid of that grief forever?

I suppose I'd be willing to do almost anything. Look, I'm trying to give this bullshit a chance, but come on. We both know you can't help me.

Let me show you how to destroy grief! We don't face it, we eliminate it! *If only that were true.*

It's not okay to not be okay...

WHY DO WE WEAR GREEN?

Many people associate the color green with renewal and ~~rebirth~~ *rebirth*. They are wrong. Green is the color of the energy from the 4th ~~nebulous~~ *nebula* in the Gamma Delta region of undiscovered space. It is what travels through the galaxy and supplies a source of energy for our inner lights.

Because of this, we feel more at one with our energy source when we wear the ceremonial green robes.

Additionally, we strive to wear homespun, natural, organic linens... again, not to be close to nature, but to dominate it.

This is a stock photo! I have never seen this person before and there is no way she's a member.

INNER PEACE VS INNER LIGHT

Inner peace is the starting point and your inner light is the end point. You are not completely and totally embraced by the unending greatness of the universe. We are never far from it, but there is a distance between us and it.

COMMUNITY TOOLS

All Pioneers are required to hand over all of their prescription medications and substances to the community pot.

Big Pharma wants you to feel like you are reliant on these drugs. But you are not. Father Arlon is extremely experienced with various substances due to his time as an amateur compound pharmacist and chemist.

Through his guidance, all medications are sorted, enhanced, and distributed as needed to all Pioneers. Sharing is caring.

And sharing drugs is illegal!

Don't forget to take your vitamins!

All pioneers are on a strict vitamin regimen. Through the guidance of Father Arlon, we consume these tools of mental enhancement and are transformed.

LEARN MORE. BE MORE.

Alas, all good things must come to an end and you've reached the end of this book. But never fear...

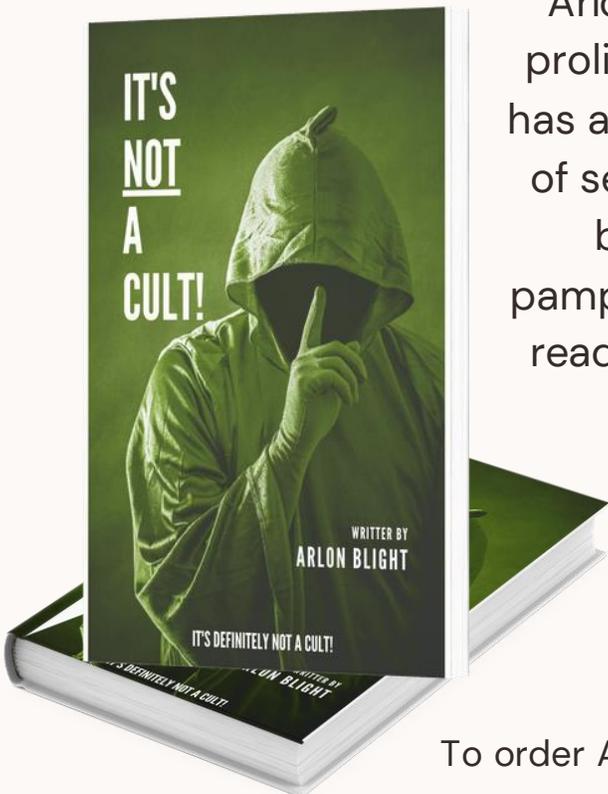

Thank God!

This workbook is only a jumping off point. We welcome you to join us for a meeting. We are waiting for you! Won't you join us?
