

WEDDING PARTY & VENUE PREP GUIDE

Relax and take it all in...

We will bring everything you need to enjoy a luxury service at your venue, home, or hotel. Here are a few tips to share with your party/venue for the morning to run smoothly:

MAKEUP APPOINTMENT PREP

The bride will have discussed her bridal party's ideal look at her trial so everyone looks cohesive in color scheme on the wedding day. We want each attendant to feel absolutely comfortable without overshadowing the bride on her big day!

- ☐ Bring your favorite lipstick, liner, or gloss to touch up throughout the night after your appointment. We will use long-wear lip stains during your appointment, but you may need a touchup later!
- ☐ Wear a button down shirt, or have your provided bridal party robe/pajama set already on at the time of your appointment so you don't have to pull anything over your head when your makeup is done!
- ☐ IMPORTANT: Please arrive with a clean face, wearing NO face makeup or eye makeup to ensure your appointment can start on time. Please cleanse/exfoliate the morning of your appointment. Use a gentle moisturizer with NO SPF prior to your appointment. Please do not use any other serums/skincare on the wedding morning.

HAIR APPOINTMENT PREP

- ☐ Bring 1-2 hairstyle inspiration photos. For best results, choose inspiration photos with your hair color.
- ☐ Bring any hair accessories or extensions you would like to incorporate into your style.
- ☐ IMPORTANT: Come with clean, dry hair. Stylists do not travel with a hairdryer, and services cannot be performed on wet hair. For "red-carpet" results, wash and blow dry hair the night before the wedding.

OTHER CONSIDERATIONS

- ☐ Our team works with hot tools, as well as tools near the eyes. We ask that all artists & stylists have a workspace free of traffic flow to avoid accidents.
- ☐ It's important to have a table or countertop space for our artists and stylists to lay out their hair and makeup tools. Electrical outlets for lighting & hot tools are also appreciated. We can bring extension cords if needed!
- ☐ Bar or counter-height(tall) chairs are preferred for hair & makeup appointments. If our team is serving your party in a hotel room, please request 1 barstool for each stylist/artist (listed on your Wedding Day Beauty Timeline) be brought to your hotel room. In our experience, hotel staff are very accommodating & will gladly provide a few high chairs if requested.
