"I always knew I wanted to build a long term lasting brand. OVA Lofts was formed because I wanted to mix both my love for Business and Real Estate with my love for Beauty and Creativity. I'm so grateful, I get the best of both worlds!"

Alysse Popov — Owner

Alysse Popov, Co-owner & Founder of OVA Lofts, started with a focused vision and a dream. Graduating with an accounting degree from Ball State University, she found herself amongst many who set out to find a place in society. Realizing the accounting lifestyle was not going to fulfill her purpose in life or pay her student loans, she started a little lash business from the comfort of her home couch to save her way to being student loan debt free. It was soon after this complete 180 degree and "against the grain" moment that her clientele began building slowly, to the point that she was able to be a lone entrepreneur in the beauty space and officially lease a brick and mortar shop. Much was learned and experienced through the years, and with a big passion in mentoring and developing other women in the business space, she knew one day she wanted to own her own building and offer a space she never had.

Seven years later, Alysse Popov, has fulfilled her dream. The beautiful OVA Lofts commercial building was recently developed and built Downtown Indianapolis and is set to hit the national stage with a filmed episode on the HGTV show "Goodbones". She leases to ten other beauty businesses, providing them a safe and beautifully aesthetic space to grow their companies, while having a community of strong female beauty entrepreneurs to work alongside with and lean on.
