Under pristine Arctic skies, you'll have the chance to search for the breathtaking northern lights dancing above the snowy wilderness. The journey kicks off from charming Helsinki, the "Daughter of the Baltic."

Day 2: Thursday, February 18, 2027 Helsinki, Finland *Hei Helsinki!* Finland's vibrant capital, where history converges with architectural style and combines with a laid-back vibe across beautiful islands and pristine public parks, welcomes you. With no scheduled activities through the afternoon, spend the day as you wish, exploring the city independently. This evening, gather with new friends for a welcome dinner in the city center, taking a 20-minute stroll to a local restaurant. *Hyvää ruokahalua!* (bon appetit!) (D)

Day 3: Friday, February 19, 2027 Helsinki Join a local expert for an engaging city tour. If Finland's heart beats in Helsinki, then Helsinki's core is the Empire-style Senate Square, home of the iconic Helsinki Cathedral. Take a 90-minute walking tour of the historic Tori Quarters before enjoying some free time in Market Square, the city's famous international market. See the steel monument dedicated to the composer Sibelius. This afternoon, take time to explore more of Helsinki independently. (B)

Day 4: Saturday, February 20, 2027 Helsinki - Kakslauttanen - Northern Lights Search Escape to northernmost Finland's winter wonderland on board a flight to Ivalo and magical Lapland. Like a storybook come to life, Lapland's culture is steeped in myth and legend. Relish a sled ride with reindeer and unspoiled views of the northern lights.* At the remote Kakslauttanen Resort, spend two nights in your very own Finnish log cabin** indulging in your own personal Finnish sauna. Take the motor coach north toward Inari on a chase for the northern lights.* Stops along the pursuit allow you the chance to witness nature's dazzling, electric light show.* (B, L, D)

Day 5: Sunday, February 21, 2027 Kakslauttanen - Northern Lights Search Hit the snow and mush yourself to breakfast aboard your own authentic Finnish sleigh. After a leisurely breakfast, meet Santa's elves, who will take you to meet Santa Claus in his own home. Learn about Santa's origins during a warm and friendly conversation at his house. After dinner, under the Arctic moonlight, a reindeer farmer introduces you to some friendly Lappish reindeer. Set out on an exhilarating reindeer safari through remote Kakslauttanen. Then step inside a Lappish teepee, or *kota*, and sip warm berry juice (a Finnish tradition) around an open fire while gaining insight into the importance of reindeer herding to the Sámi indigenous culture. The search for the elusive northern lights* continues in the surround of northern Finland's wilderness. (B, D)

Day 6: Monday, February 22, 2027 Kakslauttanen - Northern Lights Search Breathe in the fresh Arctic air this morning and step into the role as leader of your own dog sled team. Zoom through the wilderness on a husky safari, driving your husky guides that are as fast as they are adorable. Spend some time getting to know these amazing dogs and learn about their different commands. You'll also be introduced to the equipment you'll need to experience this incredible Arctic adventure at its best. Enjoy your last night in the heart of the Lappish wilderness, nestled in your incredible and unique glass igloo.*** You may even see the northern lights* dancing overhead from the comfort of your own bed. (B, D)

Day 7: Tuesday, February 23, 2027 Kakslauttanen - Helsinki Say goodbye to enchanting Lapland and fly back to Helsinki. Enjoy the afternoon at leisure to explore the city's central squares or the latest Finnish trends in charming shops. Tonight, in downtown Helsinki, toast to grand adventures and new friends. (B, D)

The overall activity level of this tour is a level 3. This means you're an on-the-go traveler. You don't want to miss a thing, so walking and standing for longer periods of time (2-3 hours) isn't a big deal. A moderately paced two-and-a-half-hour walking tour, covering several miles, hills, and uneven surfaces, is no problem for you. Walking four miles over the course of a day is very doable, as is climbing into and out of various modes of transportation (tuk-tuk, cable car, zodiac, etc.). You can climb three flights of stairs easily and handle altitudes between 6,000 and 9,000 feet. Expect some longer days with early mornings or late nights balanced with free time to recharge or set out on your own adventure. This level is not a fit for travelers who require mobility assistance devices.

Travel with an average of 16 people (maximum of 24).

The dog sledding activity requires you to be able to lower yourself into the sled.

If you require any special assistance while on tour, please make us aware at time of reservation so the necessary request form can be sent to your attention.

This tour is not wheelchair or stroller accessible due to Arctic terrain.

Because the northern lights are a winter event, you will be walking and waiting outdoors while looking for them. It is recommended that you wear sturdy non-slip snow footwear and warm clothing including thermals, hat, scarf and gloves.

The days and order of sightseeing may change to best utilize your time on tour.

Outdoor activities and structures are weather dependent and may be unavailable or rescheduled. Outdoor activities in early November or April may vary depending on snowfall. If there is not enough snowfall, the husky safari will be substituted for a husky meet and greet and hike experience. The reindeer safari will be substituted with a horse drawn carriage northern lights search.

*The northern lights are in the Northern Hemisphere from September through April and are only visible when the sky is clear and free of clouds.

Experience It! The Northern Lights

Each year, during the winter months, travelers journey to Finland and venture out into the dark to see the magical but elusive northern lights. This natural phenomenon is the product of collisions between electrically charged particles from the sun that enter the earth's atmosphere, yielding spectacular results. Streaks of colorful light that change from white to pink to purple, and most commonly, to green, dazzle and move across the open sky like it's nature's own dance party. It is known that the best time to witness the northern lights in Finland is from late September to mid-April, when the nights are the longest. Well worth the pursuit, this is a truly remarkable light show that's not to be missed.
